## TURMOIL FOLLOWS TRAGEDY

Killing of Former War Minister Naizim Pasha Arouses the Populace

Activity Prevails at Headquarters of Peace Delegations in London

CONSTANTINOPLE, Jan. 24, 11 a. m.—Fighting has occurred at several places in this city this morning. A dozen or more persons have been wounded and many arrests have been made.

Great public excitement has followed the killing of Naizim Pasha, the former War Minister and commander of the Turkish army, who was shot during a public demonstration here last night.

Talsat Bey, the new Minister of the Interior, informed the European embassies this morning that all measures necessary to insure the security of the city had been taken. He also addressed circulars to the provincial governors explaining the reasons for the change in the government and calling upon the people to lend their moral and material aid to the government.

"We are determined," he said, "to defend the interests of the country now face to face with the prospect of a resumption of hostilities."

**ENVER BEY HERO.**

Enver Bey, who has taken such a prominent part in the overthrow of Kiamil Pasha's cabinet, is the popular hero of the day. His death by a shot from the revolver of Enver Bey or Talsat Bey is believed to have been accidental. The two officers, in order to protect themselves from the fire of Naizim's aide-de-campe, who had shot at them from a window, drew their revolvers and emptied them at him. A bullet struck and killed Naizim Pasha, who was seated inside the room.

The scene outside the offices of the Grand Vizir when the leaders of the Young Turk party arrived there yesterday afternoon was very dramatic. There were crowds present and great enthusiasm was manifested when some one unfurled a flag and waved it. The excitement became tense when Enver, mounted on a white charger, came into view, accompanied by several Turkish staff officers.

As he dismounted before the door and made his request for an audience with the Grand Vizir, the gates closed as though automatically.

**DENIES ADMISSION.**

The commandant of Constantinople himself stood on guard and refused to allow any one to enter except Enver Bey and Talsat Bey.

Accompanied by the commandant, they walked straight to the council chamber where most of the ministers were gathered, and with any preliminaries called upon the cabinet to resign from office.

The demand seemed to be more or less expected, for Kiamil Pasha immediately laid down and wrote out his resignation. Enver Bey took it and proceeded to the Sultan's palace amid the cheers of the crowd.

The Sultan first was disinclined to accept the resignations as genuine, but after sending a messenger to the Grand Vizir and obtaining confirmation, he called

## Says Smoking Lowers Womanhood Standard

Legislator Proposes a Fine for Selling Tobacco to Women.

BOSTON, Jan. 24.—Every woman who smokes cigarettes is lowering the standard of womanhood, according to Representative Frederick P. Greenwood of Everett, who appeared before the committee on public health of the Legislature in support of a bill providing a fine of not more than \$50 for any person who gives or sells tobacco in any form to a woman.

"Womanhood has been placed upon a high pedestal in Massachusetts," said Representative Greenwood, "and it is important to keep it there. There is a large and increasing sale of cigarettes, and women are smoking them more and more. We should pass legislation to save them."

## C. H. WARREN, VETERAN NEWSPAPERMAN, DIES

C. H. WARREN, CITY EDITOR OF THE TRIBUNE, WELL-KNOWN NEWSPAPER MAN, WHO DIED THIS MORNING.

## Editor, Known and Beloved Throughout Profession, Expires Suddenly

**CLARENCE H. WARREN**, city editor of THE OAKLAND TRIBUNE and known throughout California as an example of the finest type of man and journalist, expired suddenly at 10:30 o'clock this morning at his home in San Francisco, 1253 Washington street, following an attack of heart failure. He had been ill but a few days, and his associates had fondly hoped to see him again at his post of duty before the present week was over.

Mr. Warren was 56 years of age. Trained for over 30 years in the workshop of the newspaper, associated with almost every great daily in the San Francisco bay section, known and loved by every man in the profession with whom he had come in contact, Clarence H. Warren lived the life of the true journalist, and his sudden death will cause a heart-pang to every member of the newspaper fraternity.

**PLACED DUTY FIRST.**

His conscientious attention to detail and duty and his desire to always shoulder every responsibility in order that the members of his staff might have their tasks lightened, led him to be at his desk from early morning until late in the day, and to ignore the strain of mind and body even when both cried for rest.

Mr. Warren complained somewhat last Saturday of pains in the region of his heart. Despite his evident distress he refused to go home until the Sunday morning's paper was well in shape.

**A KINDLY MAN.**

Then, and only at the urgent pleadings of his associates, did he consent to go to his home and surrender himself to a physician.

His death is a sacrifice at the altar of duty; an example of devotion to his

## CONTROL BY 'RING' IS DENIED

Remarkable Statement Offered in Defense of Alleged Money Trust

H. P. Davison, Partner of J. P. Morgan, Declares Probers Are in Error

WASHINGTON, Jan. 24.—To refute the contention that a group of 180 men in the world of finance, through interlocking directorates, control corporations aggregating \$25,000,000,000, Henry P. Davison, partner of J. P. Morgan, offered to the house money trust investigating committee today a long prepared statement calculated to controvert statistics prepared by the committee's accountants and put into the record.

Davison offered his statement at the conclusion of his testimony and the committee decided to deliberate whether to admit it. Davison thereupon gave out copies, although earlier in the day he and Thomas W. Lamont, another partner of J. P. Morgan & Co., had declared they had no statement to give out.

The document reviews the inferences drawn from the committee's tables and says in part:

**DENIES CONTROL.**

"No such control exists and no such deduction can be properly made from these tables. Those who have made such deductions have fallen into several obvious errors. They fail to observe, first, that of the total number of directors in these particular corporations, this group represents only about one-quarter; second, that on this assumption, those men, in order to exercise 'control,' must act and vote in every instance as a unit, although they come from different parts of the country and represent conflicting interests, and that upon this assumption, the directors outside of this group must be mere dummies, with no voice or opinion of their own, who, in almost every instance, are overruled by a minority; finally, that this sum of \$25,000,000,000 is not actual cash or liquid assets, not susceptible to the manipulation or misuse by the directors, the fact of course being that the great bulk of this enormous sum is, and for many years has been, tied up in the form of rights of way, rails, ties, equipment, factories, plants, tools, manufacturing goods and other forms of corporate property necessary for carrying on railroad and industrial business in the country."

## British Consul Sent to Asylum

Wellesley Moore, Resident of Alameda, Committed Following Examination.

Wellesley Moore, British Consul in San Francisco, who lives at 1223 San Jose avenue, Alameda, was committed to the Agnew Asylum for the Insane this morning following an examination before Superior Judge Donaldson. For the last four months Moore has been the victim of a mental attack, and at the time it first developed he was taken to a sanatorium. He suffered from hallucinations and did not improve.

Yesterday Moore was taken to the receiving hospital from a sanatorium near Livermore, and an affidavit was sworn to by Jesse Lowman, a nurse, at the sanatorium.

Among those who testified at the hearing today were Consul-General Alexander C. Ross, Dr. F. W. d'Evelyn of Alameda and Attorney W. J. Tusk of San Francisco and Dr. Robinson head of the sanatorium. During the time that Moore was confined in the sanatorium his place as Consul was not filled by the British government, but it was announced today that another appointment would be made at once. Moore has resided in this country for the last 25 years.

## Former Official Is Placed Under Arrest

F. A. Le Marre, a former deputy sheriff of Alameda county, was arrested last night at Seventh and Washington streets by members of the San Francisco police force and taken across the bay. It has not been given out as to the nature of the warrant, but it is understood that Le Marre, who has been named as a private detective, according to the local authorities, professed to have information in regard to the stolen De Sahl diamonds which were taken from a room in the Palace Hotel nearly a year ago.

## JUDGE J. J. DE HAVEN IS REPORTED DYING

Stricken With Cerebral Hemorrhage While Recuperating in Southern Part of State

YOUNTVILLE, Cal., Jan. 24.—Cerebral hemorrhage today seized Judge John Jefferson de Haven of the United States District Court of Northern California. His daughter, Sarah, is at his bedside, and his son, Joseph G., has been summoned from San Francisco. Judge de Haven is 67 years old, and his seizure came as the climax of a long illness, resulting from overwork and running into a complete nervous breakdown.

Dr. Bullock of Napa, in attendance on Judge de Haven, said this afternoon his patient was very low, and that there was little hope for his recovery.

**ILLNESS CAUSES ABSENCE.**

SAN FRANCISCO, Jan. 24.—Judge de Haven, whose serious illness was reported today, has been absent from the bench because of ill-health since December 15. On that day, realizing the gravity of his condition, he ordered all cases before him to be set aside indefinitely for the consideration of some other judge.

John Jefferson de Haven was born in St. Joseph, Mo., in 1845, and came to California with his parents in 1848. Admitted to the bar in 1866, he became district attorney of Humboldt County, served successively in the assembly and state senate, was city attorney of Eureka, became a judge of the superior court and was elected a representative to the fifty-first congress. He resigned to become an associate justice of the Supreme Court of California and in 1897 was appointed U. S. District Judge.

## Flames Endanger Big Shoe Factory Employing Women

Fire this morning threatened the destruction of the old Chas. Nickelsburg shoe factory at the southeast corner of Twelfth and Brush streets, where 100 men and women are employed. Prompt work of the fire department confined the flames to the adjoining packing shed, where they originated. And the loss is only nominal. Dense volumes of smoke

## To Vaccinate Children In Alameda Schools

SACRAMENTO, Jan. 24.—Following an outbreak of smallpox in Berkeley, Dr. W. F. Snow, secretary of the state board of health, today received word that one of the school teachers in the Alameda school had become a victim of the disease. He immediately directed the health authorities of that city to segregate the children and send those who had not been vaccinated to their homes in accordance with the state law. Four deaths have occurred in Berkeley since S. B. Cross, who was infected in New York, carried the disease to that city.

## LISTENS TO COAXING OF TOUT

Trusted Employee, Pressed for Coin, Stakes Reputation on Track

Affecting Scene Is Witnessed When Young Wife Calls at Man's Cell

"Be brave, my dear. Things will come out right." Holding his wife locked in his arms, Frank I. Sears, the young receiving teller of the Union Savings Bank, who is accused of having embezzled over \$12,000 from his employers, stood in the office of Chief of Police Walter J. Petersen this morning and tried in vain to comfort his young wife.

"Oh, Frank; Frank," the wife sobbed again and again. Her eyes were inflamed from weeping, and she showed the effects of a sleepless night spent in agony over the predicament of her husband. As he entered the chief's office Mrs. Sears threw herself into her husband's arms and clung to him.

Sears had endured the lengthy questioning of the detectives when placed upon the grill, had faced the camera stoically with the number pinned across his breast, branding him for a place in the "rogues' gallery," had patiently allowed Identification Expert Harry Caldwell to take his measurements and fingerprints. He had even smiled when talking with THE TRIBUNE photographer about a banquet a year ago when the same photographer had made the flashlight.

But when he entered the office of the chief and faced his brother and his wife his composure deserted him. The corners of his mouth twitched and the tears came into his eyes. And he took his wife in his arms and held her close to his breast, something that was half a sob and half a groan shook his body as he tried to suppress the show of feeling. Chief Petersen asked James Hanley, attorney for the defendant, turned away their heads.

**FOLLOWS TO CELL.**

Sears was led down into the city prison to his cell. The young wife followed a few minutes later and waited until she could be admitted to the cell. There arrangements were made in the presence of the attorney and of the brother of young Sears to make good some part of the money taken, and to obtain bonds for the release of the defendant if possible.

Sears was arrested yesterday afternoon at the office of the bank after he had confessed the embezzlement to the directors of the bank. The charge was sworn to this morning before Judge George Samuels by Charles T. Rodolph, vice-president, and assistant manager of the Union Savings Bank. The information recites that Sears embezzled \$12,000.

He is survived by a widow, a son, Dr. H. S. Warren of Coalings; a daughter, Mrs. William Jackman, and three sisters—Miss Anna Warren and Miss Eleanor Warren of San Francisco and Mrs. M. Pietrzycki.

The funeral will be held Monday from the undertaking parlors of N. Gray & Co., Geary and Divisadero streets, San Francisco. Rev. Charles F. Aked of the First Congregational church of that city will officiate. The remains will be cremated. The hour of the funeral will not be announced until tomorrow morning, when further arrangements will have been completed.

## BELIEVE CHINESE WERE SMUGGLED

The Finding of Mazatlan Hats Leads Secret Service Men to Investigate.

STEELE, Jan. 24.—The finding of a dozen hats bearing the name of Mazatlan, a town on the Mexican coast, in a building near the Dupont Powder Works leads the police here to believe that a number of contraband Chinese have been brought in from the lower coast and landed. A number of other circumstances about the building also strengthen the supposition that a number of contraband Orientals have been smuggled into the country through this source. Immigration authorities began investigating this morning, but up to a late hour no new developments had been brought to light. According to secret service men, the Chinese were brought here by launch and then taken inland and distributed to different places.

The Oakland secret service men are beginning a systematic combing of the Chinese district.

## SEARS MAY MAKE PLEA TO COURT FOR CLEMENCY

Confessed Embezzler Thought to Have Been Swindler's Victim

(Continued From Page 1)

January 17 of this year from the bank on a deposit made at that time. Bonds were fixed in the sum of \$10,000 for the release of the defendant pending trial, or \$5000 cash bail. Bonds have not as yet been furnished.

### WILL SEEK CLEMENCY

It is understood that Sears will plead guilty and ask for the clemency of the court. Victor H. Metcalf, vice-president and manager of the bank, said today that the directors of the bank would join in a plea for leniency, as it was only with the greatest regret that they had been forced to cause young Sears' arrest.

"The bitterness and the hardship fall so heavily upon the innocent in a case of this kind," said Vice-President Metcalf this morning. "There was not a director who did not express regret at being forced to this action, and men who learned of the sorrow it would mean to the young wife were not dry-eyed when the case was being considered by us. At first it was thought that the defalcation was much less than it has since been found, and we were inclined to permit his bonding company to make good and to dismiss him, but when the extent of the embezzlement was learned we could not avoid placing the matter in the hands of the police."

### NOT TO MAKE IT HARD

"Sears has shown a disposition to do what he could to make things right, and we are not inclined to make things hard for him."

"I understand that he has turned over an equity in some property to the bank and that they have presented a bond from his mother. But we will not accept the bond without her fullest wish that we should do so. The bank can better bear the loss, if that be necessary, than that we should take from the mother who is innocent of any wrongdoing."

The gradual entanglement of Sears in his accounts with the bank is a pitiful story dating from last November. At that time he had been forced to incur heavy expenses for the care of his wife. A child had died, and later another was born, and the medical costs were high. Sears took only \$20 the first time to meet a bill that had been pressing him for some time. When the time came that he must return this or be discovered he leveled on another depositor of the bank and took a little more.

### HOPED TO MAKE GOOD

At first Sears hoped to pay the money back. Gradually he became so deeply involved that this was impossible by the ordinary methods and with a salary of \$150 a month. Then he was introduced to a man who afterwards explained that he was a bookmaker connected with a San Francisco pool room accepting wagers on the horse races at Juarez, Mexico.

"Why don't you try your luck?" asked the man. "If you're careful, you have a good chance of winning."

Sears accepted the advice, and allowed the man to take his money to San Francisco and place it for him. At first he won, but not enough to make his accounts straight. Then he lost and finally started to plunge. Finally his defalcation rose to \$12,000.

### BOOKMAKER A SWINDLER

The police are seeking the bookmaker who induced Sears to be on the races. It is thought that the alleged bookmaker may have been a swindler who only pro-

tended to place Sears' money on the races. The police have the name given by the man to Sears, but do not know the location of the poolroom. They are inclined to believe that he swindled the young bank employee by the simple device of telling him that he lost on the horses on which he had placed his money.

No receipts or other paper passed between Sears and the alleged bookmaker, as the law against gambling would make this hazardous. Sears would meet the man after banking hours at Thirteenth and Broadway, would send him money, and would receive money from him if he had made a small winning on the races of the previous day.

The defalcation is the first that has occurred in the Union Savings Bank in 15 years, according to Vice-President Rodolph.

"Sears was one of our most efficient men," said Rodolph. "He was respected by all. He had no bad habits that we knew of and was an excellent teller. It is a very sad case. The money was counted every night, but the system used by Sears was one that could escape detection for a short time, although it was bound to be discovered in time."

Sears was receiving teller of the bank. He knew those depositors who were likely to draw on their accounts. He also knew the details of the time deposits. When deposits were made, they were not checked up in all likelihood by the depositor for some weeks. Sears would place the money in his pocket and would place the deposit tag in another pocket to keep for reference. Later he would make the deposit good from winnings at the races or from the entry of another depositor from another customer of the bank, and would post date the book entry.

By this method he kept many of the accounts approximately up to date, but continued to become deeper involved from day to day. Hoping against hope that he would make "a killing on the ponies" he plunged in his betting and lost heavily. When the defalcation was discovered there were shortages in the accounts of 16 depositors at the bank.

### HAD REVOLVING FUND

A sort of revolving fund was used by young Sears in embezzling the moneys from the bank. When discovered it was found on examining the books that 16 accounts were short and that these shortages made up a total of \$12,000. Sears had the tags of deposit in his pocket, and his confession and private accounts show that this shortage is approximately correct. But neither Sears nor the bank could be able to determine where the number of accounts he may have tampered with since last November, as he kept making good past defalcations from winnings or from new accounts to prevent the discovery of his wrongdoing.

It was discovered that Sears was playing the races, or that he believed that he was doing so. An expert was put to work upon his books, but nothing of a suspicious nature was discovered until the method used by him was accidentally brought to light by the action of one of the depositors.

### DISCOVERY MADE

"A young lady had made several deposits on an account without having the book right," he was suggested by Vice-President Metcalf. "One day she came in with the book and asked that the deposit tag be entered up. It was immediately discovered that while the balance on her account was all right, the deposit tag she had received were not dated the same as those on the bank's records."

"Mr. Sears was called in, and confessed that in this case he had not placed the deposit right," he was suggested by Vice-President Metcalf. "We investigated his accounts, and the Frank K. Mott company, who are local agents for the Fidelity and Trust company of Baltimore, were notified as they had insured the money for Mr. Sears. Mr. Mott, attorney for the trust company, came to Oakland to look into the matter."

"We believed that the shortage was less than \$2000 and Sears was to meet Attorney Mott's demand. The case was to have been made good by the trust company. Sears met the attorney and they came to the bank together."

### LARGER SHORTAGE FOUND

"The directors of the bank happened to be here preparing the annual statement demanded by state law. The case was considered by us. While it was being considered a depositor came in and asked for a certified check on his account. The books did not show that he had money to cover the check. The depositor explained that he had placed \$4000 with us on deposit for a month and showed his deposit tag."

"We confronted Sears with this and he broke down and confessed. Then he told of other shortages. The directors discussed the matter. There was not one of them that was not grieved about it and about the sorrow it would bring to the innocent. But there was no recourse, and we asked Chief Petersen to place the young man in custody."

"But we have no wish to be harsh. All will be done if he shows a disposition to help out to do the best for him. Our mission of peace is to get the money and what they should be. They make criminals of men who have just stepped from the path, instead of giving them another chance. The directors are all in favor of thinking in this way."

The directors of the bank are: Wm. G. Henshaw, Victor H. Metcalf, Chas. T. Rodolph, Wm. A. Blaisell, Joseph R. Knowlton, Henry J. Knowles, Percie C. Black.

### WILL MAKE IT GOOD

The bonding company will make good the shortage, in so far as it is not made good by Sears and his relatives. A brother, Garrett M. Sears, is teller at the First National Bank of San Francisco and another brother, Leo G. Sears, is with the Donahue-Kelly Bank company of San Francisco. The elder brother was in Oakland this morning with Mrs. Sears. Sears is 28 years of age. He had been with the bank for four years and had gradually worked up.

"He was one of our best men," said Vice-President Rodolph. "He had been promoted some time ago to the place of receiving teller, and he was in line for another promotion."

Mrs. Sears is a pretty woman mediate between the blonde and brunette. Mr. and Mrs. Sears were married about two years ago and their home life has apparently been a happy one.

"I cannot discuss the matter," sobbed Mrs. Sears at the city prison this morning. "I shall stand by Frank to the end. But I cannot talk about it. I believe he did this for me."

### SUMS ARE GREAT

The largest sum taken by Sears was the \$4000 deposit which led to his final confession. The last sum of money taken was last Friday, when he appropriated \$437.50. This was also lost to the races. The other sums were taken in small amounts which he took at any one time were \$1000 and \$500. In all, he took many thousands of dollars in excess of the \$12,000 which is charged with embezzling, but much of it was paid back with the few winnings that he made.

"We are looking for the man who accepted the money for Sears," said Chief Walter J. Petersen today. "He may have acted as a bookmaker and may have been his representative to Sears, but the thing looks suspicious."

"Sears did not show much caution or

business sense in his dealings with this man. He trusted him. The arrangement was a loose one. Sears allowed the man to decide on what horse should be backed after he had left him, and then the stranger could come back and tell him that he had backed the losing horse.

"It is a pitiful case. Young Sears was surrounded by money every day. The temptation came and he was not strong enough to resist it."

Inspectors Richard McSorley and William Ensign are working on the case. They hope to gain some clue to the identity of the bookmaker, and to cause his arrest for pool selling.

### FAMILY PROMINENT

Sears is a son of Michael G. Sears, a former saloon keeper of San Francisco and at present retired. He has three brothers and three sisters and the family live at 34 Ford street. One of his brothers, Garrett M. Sears, is a teller in the First National Bank and Leo Sears, a clerk in the Donahue-Kelly National Bank and the third, Flood J. Sears, is a local plumber. The family is broken up over the arrest of the son and brother and declared that the news of his defalcation came as a great shock to them.

Mrs. Mary Sears, wife of the accused man, is the daughter of William Hubber, a retired business man of 237 Noe street. Her mother, when questioned this morning, stated that Mrs. Sears had spent the night at her home and that she had been very much worried.

"This whole affair has upset us terribly," she said. "We don't seem to be able to do anything and really we are heartbroken."

A surety bond for Sears had been furnished by the Fidelity and Deposit company of Baltimore Maryland.

Mark L. Requa, president of the Alameda County Tax Association, was host today in the Hotel Oakland at what was announced as a "harmony luncheon." The guests included representatives of the financial interests of Oakland and San Francisco, who, it was announced, had gathered to pledge co-operation between the two cities. Among those who sat down to the table in one of the upstairs dining rooms were William H. Crocker, J. Y. McClellan, F. M. Smith, H. C. Capwell, Mortimer Fleischacker, Joseph F. Carlson, Harmon Bell, R. B. Hale, O. E. Kottle, Richard Tobin, Walter K. Lelmer, E. A. Hiron, Frank J. Woodward, R. M. Fitzgerald, James Lynch and Mark Requa.

The luncheon was private and no announcement was made as to what transpired during its progress.

**BURY HATCHET.**

Those who claimed to be in the secret said that today's conference between San Francisco and Oakland capitalists was only one of a number which had already been held with the avowed purpose of "burying the hatchet."

San Francisco has been made to realize that the enmity of Oakland is a serious menace to her own industrial and financial welfare, and now proposes to form an alliance between the interests of both sides of the bay for the success of both.

"We have been working on this thing for some time past," said one man, "and we did not want to make any announcement until we had reached some practical method of procedure. The interests of Oakland and San Francisco are identical, and it is necessary that the two cities unite at least in spirit to face the problems of the future."

It is understood that one of the main topics discussed at the luncheon was the coming World's Fair and the part which Oakland would play in caring for the visitors and assisting San Francisco to play the host.

## There Are No Better Piano Values Than These

The biggest assets we have are our reputation for reliability, a square deal for every buyer, the best instruments possible at the price asked, and just one method of doing business. We are going to keep right along the same lines just as long as we stay in business.

Back of every offering made by our house lies quality, stability, reputation and fair dealing. Therefore, when we announce special price reductions on standard high-grade Pianos and Player-Pianos, both new and used, these reductions are actual money-saving opportunities.

There are dozens of used Pianos of nearly every standard make on our floors this week that will interest you—\$115 is little to pay for a good modern upright, on easy payments, that will give ten years of satisfactory service, yet we have really good Pianos at that price. Others at \$120, \$130, \$150 and upward, better Pianos than the same money every bought anywhere.

Every make, LUDWIG, HARDMAN, PACKARD, KIMBALL, STEINWAYS, IN GRANDS AND UPRIGHTS, KINGSBURY, HARRINGTON and many others, all at prices that make them THE BEST BUYS IN TOWN.

Here, too, are new Player-Pianos marked as low as \$450, with \$25 in music rolls, on very easy payments. They are the latest models, in beautiful Circassian Walnuts, Mahoganies and Oaks—Your old piano taken in exchange.

We have the piano you want, and the price and terms are right. You are the beneficiaries, the real money-makers, you who appreciate quality combined with real price reductions.

Saturday ends our Clearance and your Opportunity. No matter what you wish, how much, how little you want to invest, see us. You will profit greatly and be eternally satisfied. Come in today.

# ALAMEDA DELEGATION AT CAPITAL SHOWS ACTIVITY

## Batch of Bills Introduced by Legislators at Sacramento

(Special Correspondence of THE TRIBUNE.)

SACRAMENTO Jan. 24.—A measure introduced specifically to remedy conditions in Alameda county, but likewise of value in every section of the State, is that which has been introduced by Senator George J. Hahn of Fruitvale to regulate the operation of water companies and providing for the supply of water to consumers where service has not been established.

The bill provides that upon the application in writing of the owners or occupants of three separate buildings on premises contiguous to each other and fronting on the line of any street, way or alley, or any proposed street, way or alley, and which said premises are distant not more than 300 feet from any main pipe of any corporation formed to supply water to cities or towns and the payment by the applicant of all money which will be due the corporation must supply water as required for such buildings or premises.

### ARRANGEMENTS DON'T COUNT

The corporation cannot refuse to supply water on the ground that money is due it from the consumer which has accrued by reason of water service in another building previously occupied by the applicant for service. Likewise the corporation cannot refuse to supply water on the ground that no service pipes have been laid or exists opened on the street at the point which the applicant wishes to draw off the water for consumption.

Contrary to existing conditions, it is also provided that no charge shall be made for extending the service pipes from its mains to a point just within the curb line of any street upon which the mains are located.

If for the space of ten days after the applicant has applied for water service the corporation neglects or neglects to supply the water required, it must pay to each applicant the sum of \$50 as liquidated damages for every day the applicant fails to receive a supply of water, provided that where the land to be irrigated by the main is private property and no street has been laid out, the corporation may make a charge for the cost of the main pipe used and its cost of installation, but the cost of the property of the applicant and not the water corporation, as is the present plan.

### ROADMASTERS ELECTIVE.

Assemblyman George Beck of Livermore put in an active day in the Assembly yesterday and introduced perhaps the most important bill affecting the local government of Alameda county that will be handled this session, with the possible exception of the county government bill.

Beck introduced his bill making roadmasters elective, placing them on a straight salary, with no chance of perquisites attached to the job and placing other restrictions around the office that would make for efficiency. The bill provides that the road commissioner of the board of supervisors shall elect a roadmaster for each district. The election would be held the first Tuesday after the second Monday in June, 1914, and every four years thereafter. The elections would be held at the schoolhouse and conducted by an election board of one inspector and two judges.

No candidate would be eligible unless a citizen and resident of the township in which he sought office for a period of not less than five years. The roadmaster elected would assume office on July 1 following the election. The duties of the office would be created through the road commissioner of the board of supervisors and the salary would be \$150 a month. The bill is known as Assembly bill No. 682.

### AGAINST SPLITTING COMMISSION.

Assemblyman Beck also introduced two measures affecting the plan of business of fire insurance companies. They are two of several that have been introduced by him for the Alameda county board of fire underwriters.

One bill provides against the plan of "splitting commissions" practiced by some fire insurance agents, brokers and others to get business. It provides for the revocation of a license for giving rebates on policies and premiums and places a heavy penalty upon those persons accepting rebates on fire insurance.

Several companion bills covering the various phases of proposed insurance regulation were introduced in the Senate yesterday by Senator J. K. Strohbridge of Hayward.

### PLAN EXHIBIT IN BELGIUM.

Another companion measure placed before the legislature yesterday was

that presented by Assemblyman Frank M. Smith in the Assembly and by Senator Strohbridge in the upper house. It provides for an appropriation of \$10,000 to be used in the collection transportation arrangement and maintenance of an exhibit of California products agriculturally, industrially and commercially, at the universal and international exposition to be held this year at Ghent, Belgium.

The bill recites that funds not consumed by the maintenance of this exhibit would be used to install an exhibit from the state at the Italian International Exposition, also to be held this year at Turin, Italy. Last year at the Turin exposition California champagne captured the grand prize.

### QUALIFICATIONS OF JURORS

The right of being a juror will be extended to any citizen of the state instead of property owners only, if the bill introduced by Assemblyman Daniel Ferguson is passed. The bill provides that any person competent to act as a juror from a standpoint of mental qualifications, shall be eligible to serve. Under the present law only those citizens whose names appear on the assessment rolls of their respective counties are eligible.

### WATERFRONT CONTROL SOUGHT.

Following the step inaugurated by the city of Alameda to secure control of its waterfront, Assemblyman Litz designated as Assembly bill No. 644, granting to the town of Emeryville the right, title and interest in all the marsh, submerged and tide lands within the corporate limits of Emeryville from the state of California.

The same provisions as set forth in the bill submitted by Assemblyman Morganstern for the city of Alameda waterfront are embodied in the bill. It provides for the utilization of the waterfront and tide lands for harbor purposes, providing for the erection and leasing of wharves, warehouses and other structures under the supervision of a board of waterfront control, composed of representatives of the city, the state and the waterfront owners. Reservations are made for the opening of streets leading to the proposed wharves and for a right of way for a belt line railroad.

### REGULATES COLD STORAGE.

An act aimed at the regulation of cold storage warehouses was introduced in the Senate yesterday by Senator Strohbridge. It provides for keeping "all articles of food" except meat and eggs for a period of more than 30 days and not more than 12 months, unless given privilege to do so by inspectors appointed by the state board of health.

All food sold from storage warehouses shall be labeled "These are cold storage goods".

A batch of bills were introduced by Senator Strohbridge yesterday on behalf of the state board of pharmacy. They provide for many changes in conditions governing the work of that board and range from a measure to prevent the sale and use of opium and providing penalties for those who sell, smoke or inhale the drug, to a bill for an appropriation of \$100,000 for the erection and equipment of a hospital for the care and custody of persons addicted to the use of drugs and intoxicants on the grounds of the state hospital at Stockton.

### GOVERNMENT USE OF POISON

Senate bill No. 630 is another board of pharmacy act to regulate the sale and use of poison. It also provides that a container holding poison must bear a plain label showing the nature of the drug, its power, where manufactured and sold.

The inspector of the state board of pharmacy is made a full-fledged police officer. A bill drafted for that purpose, defining the status of a peace officer.

Dr. Hayward G. Thomas of Oakland, representing the Alameda County Medical Association, and a member of the State Medical Association, was at the Capitol yesterday, together with other members of the legislative committee, in the interest of measures affecting the medical profession. Dr. Thomas and his colleagues learned that no action will be taken on the medical bills until the second half of the bifurcated session convenes.

### ECHO OF SUIT.

In Oakland recently the Pacific Electric Company and the Pacific Telephone and Telegraph Company, jointly, lost a suit in the Superior Court of Alameda county, carrying a judgment of \$5000. One of the corporations paid the total amount of the judgment and then made demand on the other for its share of the loss, which was refused. The case was carried to the Supreme Court, which held that the judgment should be paid by the corporation which lost the case.

ried to the Supreme Court, which held that the remitting corporation could not be compelled to pay its share of the \$5000.

To remedy this condition and make similar cases impossible, Senator A. E. Campbell has introduced a bill compelling contribution from a notice filed by the part making payment with the clerk of the court where the judgment was returned, this notice to be filed within 10 days after the settlement is made.

### WATER AND FORESTRY.

At the instance of the conservation committee, Senator Kehoe of Humboldt introduced two bills yesterday which embody the ideas of the commission for the formation of a state water commission and a state board of forestry, formulated as a result of the investigations carried on in the interests of conservation by the commission, headed by former Governor Dr. George C. Pardee of Oakland.

Both the water commission and the forestry board now in existence are changed radically in their operations in these new bills. An appropriation of \$75,000 is made for the carrying out of the provisions of the forestry act during the seasons of 1914 and 1915. Cities, counties and municipal water districts are exempt from certain provisions of the act creating the water commission but are permitted to come under it if they elect to do so.

The state board of forestry would be composed of the governor, secretary of state, attorney-general and state forester. The water commission, under the bill, is composed of five members, including the governor and state engineer, who would be appointed by the governor for a term of four years.

### Bankers' Day at State Capital

SACRAMENTO, Jan. 24.—This was bankers' day before the joint legislative committee on revenue and taxation and insurance men also had their brief opportunity to show why their tax rate should not be raised.

Along with the usual bankers' throng came a delegation from the orange belt, to see what could be done about depositing more state money down there, to balance the harm done by the recent cold snap. They had a conference with the governor. Thirty students from the San Jose State Normal School visited the capitol today to see how the state business is done.

### FOR STATE NORMAL.

Four bills carrying appropriations totaling \$33,500, for the construction and equipment of a mechanical building at the Santa Barbara State Normal School, were favorably reported today by the committee on normal schools and sent to the ways and means committee. A touch of color was given the assembly today when thirty students of the San Jose Normal School, mostly young women, invaded the chamber and watched proceedings. Dr. M. E. Dalley, president of the San Jose Normal School, had the students in charge.

### Smoking in Assembly Chamber Is Opposed

SACRAMENTO, Jan. 24.—"I had no idea, when I joined the Christian Soldiers, and started on the long march to Armageddon, that I would be subjected to any such regulation as this," said Assemblyman W. S. Scott of San Francisco, Progressive, today in the assembly in opposing the adoption of a rule against smoking in the assembly chamber before the morning session.

Scott's remarks brought applause from all parts of the house, but this did not prevent the southern members from making a determined fight for the rule.

An hour's spirited debate resulted in the introduction of a substitute by the rules committee permitting smoking in the chamber when the house was not in session, and at night sessions. This was adopted by a vote of 20-10.

The debate again brought up the question of bad ventilation of the chamber, but nothing was done about it.

The new Turkish cabinet is constituted as follows:

Grand Vizir and Minister of War—Mahmoud Shekfat Pasha.

President of Council of State—Said Halim.

Interior—Hadi Adil.

Foreign Affairs (Temporary)—Mukhtiar Bey.

Marine—Tschurukula Mahmood.

Justice—Ibrahim Pasha.

Finance—Rihani Bey.

Public Works—Balsaria Effendi.

Plus Foundations—Hafiz Pasha.

Posts—Osman Bey.

Public Instruction—Shukri Pasha.

### FUNERAL HELD.

The funeral of Nazim Pasha, who was killed here last night, took place this morning. The new Grand Vizir and Minister of War Mahmoud Shekfat Pasha, an old comrade of the dead commander-in-chief, attended.

After the burial the members of the Cabinet went to the palace and took the oath of allegiance to the Sultan. Subsequently the retiring foreign minister, Noradoghuan Pasha, was called to a meeting of the cabinet council to explain the present situation. The Sultan went to the Mosque at noon to attend the usual selamlik at which Mahmoud Shekfat Pasha and Enver Bey also were present. The function passed off without incident.

### TWO CURRENTS OF OPINION.

LONDON, Jan. 24.—Confirmation of the news of the complete revolution of feeling in Constantinople against the proposed surrender to the allies has created the impression among the peace delegates that war will begin again almost immediately.

There are, however, two currents of

the Balkan League. One of these is in favor of asking Sir Edward Grey, as honorary president of the peace conference immediately to convene a session of the delegates at which the resumption of hostilities will be declared. The other urges that the powers should first be allowed to deal with Turkey.

The European governments already are in communication with regard to the situation. The view here is that the resumption of hostilities will be declared by the powers must be awaited before any drastic action can be inaugurated. Lack of information as to the real meaning and scope of the movement in Constantinople precludes, in the official view, anything in the nature of pre-emptory action.

The delegates of the allies were busy all day obtaining the views of the foreign ambassadors, prior to their formal meeting at the Serbian headquarters this afternoon.

### EXPECT WAR RESUMPTION.

LONDON, Jan. 24.—At the headquarters of all the peace delegations the greatest activity and excitement prevailed today. Cipher telegrams from Sofia, Belgrade, Athens and Cettigne crossed messages from London to those capitals during the early morning hours. Before noon the heads of the four delegations had held several meetings to discuss the situation.

The allies seem disposed to consider the revolution in Constantinople as an attempt to bring about a new peace. Therefore they are entitled to make the first move. Whatever it may be and whatever its results, it cannot prejudice their future action, they declare.

Messages received from various points in the Balkans show that negotiations concerning the next development are proceeding actively between the powers of the allies. The delegations cannot be sure as to what will be their ultimate attitude until they have received simultaneous and identical instructions from their respective governments.

### RECALL PEACE DELEGATES.

LONDON, Jan. 24.—The new Turkish cabinet has decided to recall the Ottoman peace delegates from London, according to a dispatch today from Constantinople. The Turkish government is said also to have requested its ambassadors at Vienna and St. Petersburg to return to the Turkish capital.

Enver Bey, the most spirited leader of the Young Turks, was today appointed

### BAD EFFECT ON MARKET.

BERLIN, Jan. 24.—The new situation in Turkey is commented on with great reserve in official quarters here. It is doubted whether diplomatic means will suffice to prevent the resumption of hostilities, but it is declared that the European powers will concentrate their efforts on allaying the conflict should it break out again.

Government officials do not see any indications that the unity of the powers has been shaken by the latest developments and it is understood that the nations interested are already conferring on the situation.

The Bourse received the news from Constantinople with something akin to dismay, inasmuch as operators had been trusting implicitly in the conclusion of an early peace. Panicky conditions prevailed at the opening of the market, when an enormous volume of rush selling orders was executed. Prices broke violently, all Balkan securities being hard hit. German bonds were also sharply depressed.

### Chemical Fumes in St. Louis Glass Plant Blaze Overcome Fire Fighter.

ST. LOUIS, Jan. 24.—A fireman was drowned early today in a flooded basement after having been overcome by chemical fumes with nine of his companions in fighting a fire in the plant of a glass company.

A broken window through which the firemen entered and rifled desks and lockers caused the police to think that the fire was started by burglars.

## Near 70—Feels Like 50

Mrs. Campbell's doctor advised her to take a tablespoonful of Duffy's Pure Malt Whiskey before each meal. She did so and recovered health and youthful feeling.

"Eight years ago, when sick, I lost my appetite. I could not eat solid foods. My family physician advised taking a tablespoonful of Duffy's Pure Malt Whiskey before each meal as a stimulant, as it was good for the system. It did much more good than the doctor said. I feel more like fifty years old than sixty-nine. My appetite is splendid, and I find a tablespoonful of Duffy's Pure Malt Whiskey is very invigorating. A dealer tried to sell me a substitute for Duffy's, but the doctor told me to insist on the genuine; that some dealers tried to sell something else to make more profit on inferior goods." Mrs. A. Campbell, 1111 West Ninth Street, Spokane, Wash.

## Duffy's Pure Malt Whiskey

Mrs. Campbell's experience is similar to that of thousands of men and women who have been brought back to a state of health and vigor by using Duffy's Pure Malt Whiskey as directed. Many learn its great medicinal value first from their own family doctors. Others hear from friends or relatives of its direct effect. Still others read the testimonials of those who are so grateful to Duffy that they wish to add fellow sufferers by writing of their good fortune in using this pure malt whiskey.

HEATER EXPLODES;  
ONE MAN KILLED

Two Buildings Destroyed in a Fire Which Follows Accident.

SAN FRANCISCO, Jan. 24.—With an explosion that was heard for blocks, a water-heater blew up and caused the death of one man and the total destruction of two frame buildings last night at Second and Bryant streets.

John Bell, a waterfront character, had his room over a vacant grocery store next to the Panama saloon. The water in the heater got low and was converted into steam, suddenly exploding with a roar that shook the windows in the Sellers' Home on Rincon Hill. In an instant both buildings were a mass of flames.

The figure of Bell, leaning out of a second-story window at the back of the burning building, was suddenly silhouetted against the yellow light. Policemen J. O'Donnell and F. B. Scollin reached the scene before any of the firemen. They tried to fight their way into the blazing shack. Howard Holmes, acting captain of No. 3 engine, the first to arrive, rushed into the burning building with Hosemen Kearney and Wilson and made a courageous effort to save Bell. Before they could get access, the door of Bell's room fell in and he was hurled under a mass of debris. He was dead before help could reach him.

## REJECTS NAMES.

CHICAGO, Jan. 24.—The members of the Chicago debating team that will contest for honors next Saturday with the San Jose state normal team is at a loss to understand why the San Jose contingent is turning down all names the Chicago team has suggested. The third judge to decide the contest. About seven names have been offered and in each instance the officers have been rejected.

## THAT TIRED FEELING

Suggests Grandmother's Remedy

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood and a weak, tired out feeling. Sulphur, cream of tartar and molasses was grandmother's remedy, but that has long ago been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cod's liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker of Bowen's Mill, Ga., says: "When I was badly run down last spring I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it does not. The Owl Drug Co., Oakland, Cal.

LEADERS TO TALK  
ON PLAYGROUNDS

Local Workers to Attend the Annual Recreation Conference.

At the annual recreation conference of the Pacific coast, which will be held February 25 to 28 in the St. Francis Hotel in San Francisco, the local playground workers will be well represented. A company of expert playground leaders will give their views upon the modern playground and its opportunities for the juveniles.

George E. Dickie, superintendent of Oakland playgrounds, will have charge of the discussion on playground management and will give a resume of the work in his department during the past year.

Papers will be read by Miss Winifred Van Hagen of Oakland on "How Shall We Hold the Adolescent Girl?" Elbert Vail on "Discipline in the Playground," John Gutsied of Alameda on "Attendance," Ray Daugherty of San Francisco on "Adults and Their Need of Recreation," L. Miller of Los Angeles on "Boys' Work."

Among the recreation leaders who will attend the conference will be Dr. Edward Stitt, assistant superintendent of schools in New York City; B. D. Groot, general director of playgrounds and recreation in Chicago; Miss Elizabeth Burchenal, expert on the physical training of girls in New York; and Semus MacManus, the Irish story teller.

BATTERY B, N. G. C.,  
ELECTS OFFICERS

H. F. Huber Is Promoted From First Lieutenant to Captain.

At the armory of Battery B, first brigade field artillery, N. G. C., an election of officers was held last night to fill vacancies made by one officer resigning and the others being assigned to the staff of the first brigade under Major R. J. Faneuf.

The officers elected were H. F. Huber from junior lieutenant to captain; E. E. Vicary, from senior second lieutenant to junior first lieutenant; J. W. White, from first sergeant to second lieutenant senior; and Howard Enefer, from sergeant to second lieutenant junior.

The staff of the first brigade of field artillery of the National Guard of California has been appointed by Major R. J. Faneuf. They are F. W. H. Petersen with the rank of captain; J. S. Riley, who will be ranked as first lieutenant, and G. E. Faust, whose rank will be sergeant-major.

OAKLAND GIRL  
SCORES SUCCESS

Mabel Reigleman Makes a Hit as "Mignon" in Chicago.

CHICAGO, Jan. 24.—Mabel Reigleman, the Oakland prima donna, achieved a marked success at the Auditorium theater here last evening, when she sang the title role of "Mignon" before a large and fashionable audience, which applauded her enthusiastically. Miss Reigleman has been a member of the Chicago Grand Opera Company for three years, and her appearance in this part, which is the most ambitious that she has so far attempted, was a decided triumph. The little cantatrice sang the difficult music of the role with great beauty of tone, and she was called before the curtain many times. Her dancing in the second act also came in for a large share of applause. Following the performance, she was tendered a supper by a number of her local friends, and was the recipient of several beautiful presents.

PACKARD COVERS  
WORLD-WIDE TOUR

50,000-Mile Trip Came to End Yesterday in New York City.

(By EDMUND CRINNION.)

One of the longest and most interesting automobile tours ever recorded came to an end yesterday in New York, when Melvin A. Hall with his mother completed their 50,000-mile trip around the globe in a Packard car.

Hall, whose mother was with him, shipped his machine to Southampton about 13 months ago, intending to tour Europe for a few months and then return to America. He, however, not only toured familiar roads, but penetrated into remote places in the Swiss Alps, the Italian lake region, Austrian Tyrol, Britain, Hungary, Denmark, Albania and the Balkan States were covered in the same way.

From Naples the car was shipped to Bombay. After the Durbar it went north to Peshawar, thence to Calcutta, then Delhi, Ceylon, Java, China, the Philippines, Japan and back by way of San Francisco and the old Santa Fe trail to the East.

## MICHELIN AWARDED CUP.

The local branch of the Michelin Tire Company has been advised that a silver trophy has been awarded to it by the officials of the tournament of Roses, Pasadena, in appreciation of the exhibition of the Michelin Twins at the Annual Flower Festival, January 1.

The Michelin Twins consist of two gigantic figures built to represent men formed out of automobile tires. They are worked with a complicated arrangement of blowers and valves, and under proper manipulation perform many laughable feats. The Twins are 11 feet, 6 inches in height, in sitting posture, and reach 18 feet with their arms raised.

The Michelin Company is now looking forward to a suitable occasion when it may exhibit the Twins in Oakland.

Anniversary Program Will Be Given at Ebell Hall Tonight.

The anniversary of Scotland's immortal bard, Robert Burns, will be celebrated this evening by St. Andrew's Society and the Scotch Men of Ebell hall. Members of the Scotch colony and those of Burns will be among the patrons. The program will include the famous poems of the celebrated poet, bagpipe selections and Scotch recitations. Miss Rhoda Mitchell, talented vocalist, will read "The Cotter's Saturday Night," Miss Lucy Van De Mark, a soloist, will contribute vocal numbers; Lowell Redfield, baritone, will also sing, and James T. Rattray will give a brief history of the life of Burns. Major Sowersby will be the piper.

## The order of the exercises will be as follows.

Part 1—Scotch airs, O'Brien's orchestra; bagpipe selections, Pipe Major J. Sowersby, address of welcome, Chairman Robert Howden; song, "Tam Glen," Miss Daisy Kean Gillogley; song, "Scots Wha Hae," Howell Moore Redfield; recitation, "The Cotter's Saturday Night," Miss Rhoda Mitchell; song, "John Anderson, My Joe," Miss Van De Mark; highland fling, Duncan Hall; song, "Afton Water," Will Moir.

Part 2—Address, "Robert Burns," James T. Rattray, Esq.; song, "Corn Rigs," Mrs. Daisy Kean Gillogley; song, "Lassie o' Balgownie," Will Moir; recitation, "Sandy McEldan's Courtship," Miss Rhoda Mitchell; song, "Annie Laurie," Miss Lucy Van De Mark; sailor's hornpipe, Duncan Hall; song, "March of the Cameron Men," Lowell Moore Redfield; "Auld Lang Syne" address, James P. Taylor, William Weir, Adam Baird, George McMath, Alexander Ballingall, Dr. A. K. Crawford and Andrew Dalziel arranged the program.

SOCIETY WOMAN'S JEWELS  
ARE SOLD AT AUCTION

PARIS, Jan. 24.—At an auction sale held yesterday at the Hotel de la Ville, belonging to a Parisian society woman, a necklace of 240 oriental pearls fetched \$1,205,000 francs (\$241,000). This surpasses all previous records.

Recovered From  
Severe Lung Trouble

While we all know that plenty of fresh air and good food are necessary to persons suffering from lung trouble, something more is needed to bring about full recovery. Eckman's Alternative is a medicine for throat and lung troubles, and so many reports have been received showing that it brought about good results in a number of cases which were declared hopeless, that all sufferers who are not benefiting otherwise should at least investigate what it has done for others. It may be the means of restoring you to health. Investigate this case.

## Madison Lake, Minn.

"Gentlemen:—In December, 1908, and March, 1909, I was taken with hemorrhages of the lungs which confined me several weeks, each time to my bed. These left me very weak and I coughed at night and could not sleep. My appetite also failed me. My doctor advised me to go west. So in September, 1909, I planned to go, but I had four more hemorrhages, which put me in bed for three weeks.

"In November I started for Denver, Col. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alternative. In about two months I began to feel better. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I think I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 138 pounds. I now weigh 165, my normal weight. I thank God and your Alternative for my health. If I can help any other person suffering from Tuberculosis, I will gladly do so."

(Signed Affidavit.)

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain cocaine, opiates or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Write to Eckman Laboratories, Philadelphia, Pa., for additional evidence.

## HEARTBREAKER OF IOWA CONFESSES

Admits She Received Sums  
From 500 Bachelors of  
U. S.

DES MOINES, Iowa, Jan. 24.—Florence Gamble, 32 years old and good looking, who styles herself "Iowa's Chamberlain," broke down and confessed to federal officers here that she had corresponded with more than 500 lonesome bachelors over the country, from some of whom she had received amounts ranging from \$15 to \$50.

She told United States Commissioner MacArthur and Postoffice Inspector Cairnes that she had received an average of 120 letters a week in the last few months. The woman withdrew her plea of not guilty to an information charging her with having swindled J. R. Frater of Arlington, Texas, out of \$30 through her matrimonial schemes.

According to Inspector Cairnes, other charges growing out of the same case will be filed against the woman. Commissioner MacArthur accepted her plea of guilty and bound her over to the federal grand jury, which convenes next May. She furnished bond of \$1000.

"I have almost worn out your picture kissing it," she wrote Frater, whom she called the "dearest man in all the world."

"I am a little short of money," she continued. "If you will send me \$25, I will come at once to Fort Worth, and we can get married as soon as I arrive."

"Yes, dear, I know you are the one for me. I don't want you to get such a thing into your head that I am after your hard-earned money. I wouldn't come if I believed you thought I was that kind of a woman. I am honest and true to you."

## INJURED MAN STRUCK BY CAR AND KILLED

OLEAN, Jan. 24.—Ebenzer Hitchcock Jr. of South Olean, after falling on a trolley track near Cole's crossing, late last night, lay helpless, moaning for aid, between the rails until a car came along and fatally injured him. He died in Higginson Memorial hospital. He leaves a widow and two children.

The locality where the accident occurred is isolated. Hitchcock was hurrying home when he fell. The accident broke the bones of his right leg, and he lay half-conscious between the rails until his form showed in the shaft of light thrown by the approaching car. Efforts were made by the motorman to stop the car, but in vain. The car struck Hitchcock before it was brought to a standstill. The injured man was taken to the hospital. He lost consciousness after telling of the double accident.

## SAVES YOUTH'S LIFE THOUGH BADLY HURT

BOSTON, Jan. 24.—With one arm hanging crushed and helpless, Mate William Webb, of the liner "Sagamore," which arrived yesterday, dashed to the rail as the vessel was being swept by seas in mid-ocean, and rescued an apprentice from going over the side.

Webb's arm had just been crushed by a swinging derrick when he saw the apprentice floundering in the churning water. He plowed his way through the water and seized the boy by the collar as a big wave tumbled on board.

Part of the "Sagamore's" fittings and a portion of her bridge were carried away by the storm.

## WILD BULL HAS NO TERROR FOR SMALL BOY

CINCINNATI, Jan. 24.—Gerald Hopkins, aged 9, performed a feat this afternoon that would make the toreros of old Spain and Mexico jealous. A wild bull, which had broken loose from its stall in a stable in the neighborhood, caused a reign of terror in Mt. Auburn, Avondale and Walnut Hills, the fashionable suburbs of Cincinnati.

The Hopkins lad got directly in the path of the maddened animal. People fled in terror and watched the frightened youth taking a quick step. He had jumped clear over the head of the bull and played "leap frog," slipping over the animal's back and running to the house before the bull could turn around.

## 'MOTHER' OF SLINGSBY HEIR LOCATED

HANDWRITING EXPERT MAY CLEAR CASE

MRS. FRED CERTAIN (LILLIAN ANDERSON), CLAIMED TO BE PARENT OF "SLINGSBY" BABY.

## Former High School Girl Married; Is Now in the East

SAN FRANCISCO, Jan. 24.—Handwriting Expert Theodore Kytka announced he would be ready this afternoon with his report in connection with the specimens of handwriting furnished him by Assistant District Attorney Ferrari.

Yesterday the mother of the babe whom it is alleged by some was substituted for the real Slingsby heir, was located. She was Lillian Anderson, but is now Mrs. Fred Certain, and lives in Indianapolis. The information came to the police through her sister, Mrs. Carry Buckman, of San Rafael, who explained that the infant had been given into the hands of strangers. Later Lillian had been married in Oakland at the same time as her sister Kate was wedded to E. L. Wickard. Mrs. Wickard is believed to live at 528 Parker street, Indianapolis, and it is there that Mrs. Certain is believed to be.

THREE TONS OF ICE MELTS.  
CHICAGO, Jan. 24.—Three tons of ice melted in five minutes yesterday when an ice automobile truck caught fire in front of a downtown drugstore. Dripping gasoline was ignited when a man tossed a lighted cigar stub on the liquid.

## PLEADS WITH JUDGE TO GIVE HIM THE LIMIT

PASSAIC, N. J., Jan. 24.—"Say, judge, will you please give me the limit?" This unusual request was made of Judge Costello in the police court, when John Koehinsky, 23 years old, was arraigned after having forced the police to arrest him.

through a \$10 plate glass window in the Aldous building at 44 Bloomfield avenue, Passaic, calmly waited for a policeman to arrest him. His appearance showed he was suffering from want of food and his light suit of summer clothes made it evident that he had suffered from the severe weather.

The prisoner said he reached Passaic from Philadelphia several weeks ago in search of work. His money lasted only two weeks, and as he had failed to obtain employment he was ordered out of his boarding-house. He slept in freight cars and hallways, he said, and for the last three days had been without food. He came to the conclusion, he said, that jail was his only salvation, so he threw the stone through the window. He was overjoyed when placed in a warm cell and given food.

The weather man is frequently reminded that the unexpected happens.

## POLICEMAN PATCHES LEG OF PRISONER WITH NAILS

CHICAGO, Jan. 24.—Proceedings in Judge Hopkins' court stopped while a policeman fixed Peter Casey's leg with a hammer and nails. The leg was swollen. Casey had been arrested for being drunk.

She is a smart girl who can transform a yawn into a smile.

# Foods That Bind Little Children

Start Them Off Right With a Good Laxative and Then Watch Their Diet.

Mothers are often unconsciously very careless about the diet of their children. The fact is that all foods do not agree alike with different persons. Hence, at old what seems to constipate the child, or to give it indigestion, and urge it to take more of what is quickly digested.

If the child shows a tendency to constipation, it should immediately be given a mild laxative to help the bowels. By this is not meant a physic or purgative, for these should never be given to children, nor anything like salts, pills, etc. What the child requires is simply a small dose of the gentlest of medicines, such as Dr. Caldwell's Syrup Pepsin, which in the opinion of thousands of watchful mothers is the ideal remedy for any child showing a tendency to constipation. So many things can happen to a constipated child that care is necessary. Coughing cold, piles, headaches, sleeplessness, and many other annoyances that children should not have can usually be traced to constipation.

Many of America's foremost families are never without Syrup Pepsin, because one can never tell when some member of the family may need it, and all can use it. Thousands endorse it, among them Mrs. M. E. Darling, R. F. D. No. 4, Bolivar, Pa., who writes "I certainly think Dr. Caldwell's Syrup Pepsin saved my baby's life. Marjorie is a bottle baby and could not get her food to digest, you.

MARJORIE DARLING.

but I found by giving her a small dose of Syrup Pepsin when she had colic it always cured her." Dr. Caldwell's Syrup Pepsin is sold by druggists at fifty cents and one dollar a bottle, the latter also being bought by those who already know its value, and it contains proportionately more. Results are always guaranteed or money will be refunded.

Everyone likes Syrup Pepsin as it is very pleasant to the taste. It is also mild and non-grinding and free from injurious ingredients.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying in the regular way of a druggist, send your address by postal mail to Dr. W. B. Caldwell, 415 Washington St., Monticello, Ill., and a free sample bottle will be mailed to you.

## AGED INDIAN FIGHTER DIES AT HIS HOME

SAN BERNARDINO, Jan. 24.—Stewart Wall, who fought a battle almost single-handed against the Apaches in 1854 and killed 30 Indians before he fell with four bullets in his own body, died here yesterday. Wall, who was 81 years old, came to California in 1851 and was the first town marshal of San Bernardino.

## SHERWOOD FOUND.

PALO ALTO, Jan. 24.—Norman Sherwood, the 13-year-old son of a prominent San Francisco business man who resides here, who disappeared yesterday after attending school, was located in San Francisco. He was returned to his home.

## CHIEF JUSTICE NAMED TO SERVE IN SENATE

NASHVILLE, Jan. 24.—The Tennessee Legislature elected Chief Justice John K. Shields of the State Supreme Court United States Senator yesterday for the term beginning March 4. Justice Shields is a "regular Democrat."

## \$1,000,000 WILL ATTACKED.

SACRAMENTO, Jan. 24.—A. W. Morrison, proprietor of the Western Hotel, began suit in the Superior Court yesterday contesting the will of William Land, providing bequests of more than \$1,000,000. The suit will be heard before Judge Shields February 24. The will included bequests of \$450,000 to Sacramento.

## GOOD NEWS FOR SUBWAY EMPLOYEES

New York Line Inaugurates Co-operative Plan and Votes Wage Increase.

NEW YORK, Jan. 24.—The inauguration of a co-operative plan for all employees of the New York subway and elevated lines and the surface lines of the New York Railways Company, which will enable them to purchase at cost the necessities of life, was announced last night by Theodore P. Shonts, president of the Interborough Rapid Transit Company and affiliated lines. An increase of wages amounting to approximately \$150,000 a year also was announced, affecting about 3500 men on surface lines. After the approval of the employees is received a store will be established, stocked as a general grocery and meat market. It is declared that a saving of from 20 to 30 per cent will result to the employees.

## MARSHALLS TO LIVE IN HOTEL

Vice-President-elect and Wife Will Not Take House in Washington.

WASHINGTON, Jan. 24.—Vice-President-elect Thomas R. Marshall and Mrs. Marshall, it was announced today, have determined not to take a house in Washington, but will live in a hotel during their four years' residence here after March 4. Accommodations were engaged by the vice-president-elect's secretary, Mark Thistlewaite, in a hotel within three blocks of the White House. The decision of Governor and Mrs. Marshall to settle down to hotel life is taken by capital society to mean that they will not entertain much during the coming administration, and there is mourning in consequence.

## BLOOD NOT LIFE-GIVING.

## SENIOR AMERICAN 81 YEARS OF AGE

Joe Choate Celebrates Birthday; Commodore Benedict Is 79.

NEW YORK, Jan. 24.—Joseph H. Choate, who has been called the successor to the late John Bigelow as the "senior American," celebrated his eighty-first birthday today, and at the same time Commodore Elias C. Benedict, for more than 50 years prominent in finance and yachting, reached his seventy-ninth year. Choate, once ambassador to England, and wearer of a distinguished name in the realm of law, received many congratulations at his home, where he planned for this evening for a company of 18 of his age and generation. Commodore Benedict declared that his long life was a mystery to him but if it could be explained it was due to his fondness for yachting and the fact that he had kept the atmosphere of young people constantly about him. He said he believed he had traveled over 250,000 miles by sea since his physician told him several years ago that he would have only a short lease of life if he did not take an ocean voyage. He said that yesterday showed that of the house of Benedict, 170 members had lived to the average of 83 years. Benedict was long a close personal friend of Grover Cleveland. Both he and Mr. Choate still enjoy fullness of health and are active in affairs.

## JURY CONVICTS IN TOBANNI MURDER TRIAL

WOODLAND, Cal., Jan. 24.—The jury in the case of John Rongo, accused of the murder of Joe Tobanni, yesterday afternoon returned a verdict finding the defendant guilty of murder in the second degree.

More than two years after the crime Rongo was arrested at Sulgun, charged with the murder. He made a partial confession, in which he admitted having been with Tobanni on the night of the murder, but laid the crime at the door of a third man.

## CONGRATULATES KING.

WASHINGTON, Jan. 24.—President Taft cabled yesterday the following congratulatory message to King Alfonso of Spain it being the anniversary of his name day. "Upon this anniversary, I wish to present to your majesty this nation's greetings, and my own cordial wishes for your happiness and prosperity and that of the Spanish people."

## JEWEL GUARDIAN SELF-APPOINTED

Oakland Woman Finds Diamonds of Friend; Robbery Suspected.

SAN FRANCISCO, Jan. 24.—A diamond "robbery" at the St. Francis hotel last night, in which Mrs. Fay Beal, wife of the millionaire autoist and clubman, was the supposed victim, was solved quickly by the discovery of two women who had taken the rings as a joke.

Detective Blake recognized the two women from a description and began to search the cafes for them. He found them at Tait's. The women were Mrs. H. Leusch of Oakland and a Mrs. Fleming, who lives at the Venice apartments.

Blake called Mrs. Leusch away from the table and began to question her. She interrupted him by saying: "Oh, those diamonds! That is what you want. Well, here they are." Then she explained that she had been in the waiting room with Mrs. Fleming and a Mrs. Graham and had noticed the diamonds. She thought they belonged to Mrs. Graham and took them in order to teach her friend not to be so careless. She gave the rings to Mrs. Fleming to keep them until Mrs. Graham missed them. Then she intended to give them back. It was all settled satisfactorily.

## JOHN D. PRAISES YOUTH'S HONESTY

Lost Gloves Returned; Magistrate Proud of the Boy.

HACKENSACK, N. J., Jan. 24.—James Darling, a young student here, found a pair of gloves belonging to John D. Rockefeller. His first impulse was to keep them as a souvenir, but his conscience finally whispered that he ought to return the gloves to their owner. He did so by mail post. The letter which James received yesterday he regards as a more valuable souvenir than the gloves could possibly have been. It reads: "My Dear James: I want to thank you very much for returning the gloves which you found after they had dropped from our machine. Your decision to return them is typical of the honesty of the average American boy. I trust that you will always be able to make right decisions where matters of honesty are concerned. Three cheers for young America. Sincerely yours, JOHN D. ROCKEFELLER."

## WILLIAMS NAMED VICE-PRESIDENT

Will Have Charge of Finances of Big Railroad Line.

NEW YORK, Jan. 24.—H. R. Williams was elected yesterday vice-president, director and member of the executive committee of the Chicago, Milwaukee & St. Paul Railroad. Formerly he was president of the Puget Sound division.

Mr. Williams, with headquarters here, will be in charge of the company's finances, to that extent succeeding the late Roswell Miller, who was chairman of the board.

Other changes announced today were: E. D. Sewall, now assistant to the president, elected vice-president, with headquarters in Chicago; D. L. Bush, elected a vice-president, also to be stationed in Chicago; H. B. Barling, elected a vice-president, with headquarters in Seattle.

## 94 PER CENT OF PRINT SHOP MEN ARE FILIPINOS

WASHINGTON, Jan. 24.—The evolution of the printing of the bureau of printing of the Philippines from an all-American force in 1902 to one containing 94 per cent of Filipinos is the basis of a report by John S. Leech, director of the institution. Of the native element apprentices constitute 63.3 per cent. Leech says the shop is graduating workmen who would be a credit to their trade in any country. By a system of instruction in office organization and management the more promising apprentices are being fitted for positions requiring administrative and executive ability.

## TWO TRAINS ARE TO BE RESUMED TODAY

SACRAMENTO, Jan. 24.—It was announced that Western Pacific trains Nos. 1 and 2 would be resumed some time today. They will be the first trains to run through on the line of the Western Pacific since the recent storms and attendant snowdrifts in the Feather river canyon. The track has been cleared completely, but the officials do not think it expedient as yet to run trains Nos. 3 and 4 through the canyon, as they are night trains. Clear, cold weather is being experienced in the mountain districts.

## CLOSE CONVENTION.

CINCINNATI, Jan. 24.—The twenty-third biennial council of the Union of American Hebrew Congregations came to a close here yesterday with the election of an executive committee consisting of 30 members. The next meeting place in 1915 was left to this committee, and will be announced later. The new executive committee organized shortly after the session of the council by electing J. Walter Freiberg of Cincinnati president, Charles Shohl of Cincinnati vice-president, and Solomon Fox of Cincinnati treasurer. Among the members of the executive committee is Jesse W. Lilienthal, San Francisco.

## DRIFTING LAUNCH SAVED.

SAN FRANCISCO, Jan. 24.—In the clutches of a strong ebb tide, the launch Laura, in a disabled condition, was being rapidly borne seaward yesterday afternoon, when the cries of its two occupants attracted aid. The rescue of the little craft was effected by the customs tug Hartley, which observed the launch's plight as it was drifting past Southpoint shoals, and

## CLARENCE H. WARREN

With the deepest regret THE TRIBUNE announces the sudden death of Clarence H. Warren, who for several years filled with conspicuous ability and integrity the position of city editor of this paper. In him THE TRIBUNE has lost a faithful and trusted employe and its managers a loved and respected friend. His death is a personal bereavement to his associates and fellow workers too deep for words to express. They mingle their tears with those of his family.

Mr. Warren was the finest type of journalist, faithful, capable, sincere, upright and loyal to those who employed him. By the law of moral gravitation, his sympathies went to the side of right and the cause of truth. His worth was so modest and unassuming that it was little known outside of the newspaper offices in which he was at different times employed. He was known as a man always on his job and always to be trusted implicitly.

For upward of thirty-five years, Clarence H. Warren was a working journalist in San Francisco and Oakland. At different times he filled editorial positions on the Examiner, Call, Chronicle, Post and the old Alta Californian. For the last three years he was the head of the local department of THE TRIBUNE, and the editor of its Sunday edition.

He was the "Old Reliable" of the local newspaper world. In a sense, his death was hastened if not caused by his loyalty to duty. Last Saturday night he was taken ill, but was so impressed with his sense of responsibility that he would not turn his work over to his subordinates and go home. He remained at his post and finished his task, but he left the office a stricken man. His faithful heart had worn itself out, and this morning it ceased to beat. It is comforting to know that its every throb was honest, sincere, tender and true.

Mr. Warren's domestic life was ideal. He was a model husband and father, happily married, and he loved his home, his wife and children with the passionate, undemonstrative affection of a quiet nature. His family and his work absorbed his time and attention; and it is pleasant to state that his wife and children returned in full the devotion he lavished upon them. His children honored him in their conduct and their lives. They are examples of right living, right teaching and the practice of a noble example.

For the widow and children THE TRIBUNE and its employes have the deepest commiseration. Their sense of loss is shared by friends who worked by Mr. Warren's side for many years and who loved him for his manly qualities. He was that noblest work of God, an honest man.

## The Problem of the Ages.

The evils of prostitution are well known; they have been recognized for generations, and the necessity for a remedy has appealed to philosophers, statesmen, churchmen and humanitarians since the earliest ages. It is a social cancer sapping away the moral and physical stamina of the race, spreading ruin and degradation wherever the contagion reaches.

But it is futile to mouth over the diagnosis of a moral malady, which is admittedly loathsome and corrupting, unless it is to apply a practical remedy. No remedy hitherto tried has proved efficacious. No new ones are proposed. All those suggested have been repeatedly tried and proved to be failures. It is useless to advocate remedies which have been demonstrated to be futile. Show us one that promises practical relief from the horrible ailment which afflicts society, and we will advocate it. But we will not waste time and effort in behalf of exploded theories and quack cures which merely irritate the sore.

The social evil has been treated as a crime, a disease and as a misfortune; it has been ascribed to various causes and dealt with from every standpoint that the human mind can assume. It persists nevertheless. Palliatives have not visibly checked it nor robbed it of its horror. Restriction has not prevented its spread, and regulation has not succeeded in abating the physical consequences which flow from commercializing sexual passion. After centuries of effort we find ourselves where we were at the beginning. It is the one thing that the wisdom and humanity of all the ages have turned from in despair.

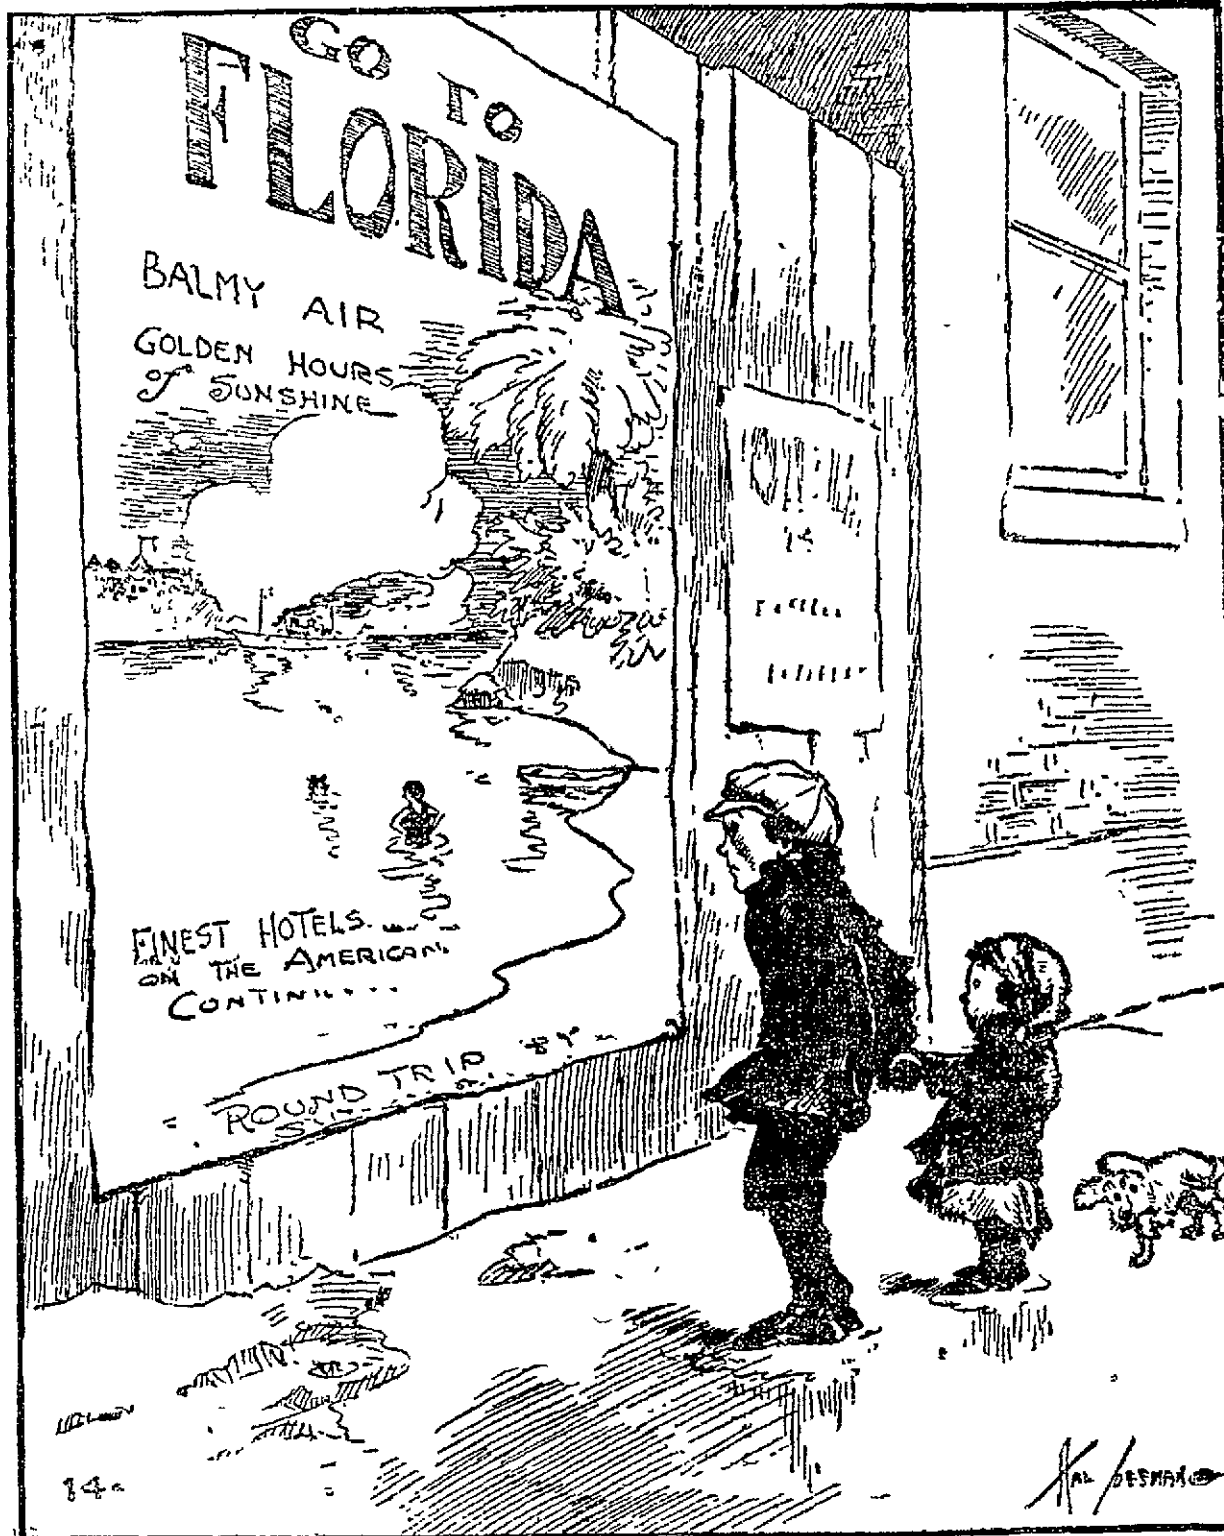

The problem is so baffling that men of the highest intellectual capacity, after careful study of the phenomena of human life have doubted if a cure were possible. Some have even been disposed to regard it as an inevitable accompaniment of natural conditions, an outgrowth of natural laws. Among these may be included the historian Lecky, whose eloquent ascription to the blasted creature, who is in her way the protector of virtuous womanhood and innocent girlhood, has challenged the attention of the thoughtful and provoked the criticism of the shallow and prejudiced. After profound study of the subject, Mr. Lecky seriously raised the question whether the social evil so-called was not a safety valve for the primal passion of mankind. He did not conceal the horror and aversion, excited in his breast, but he sought a reason for its persistence despite the efforts of the wisest and best men the world has ever known to abate it. From the pathology of the terrible plague he turned to its psychology and the psychology of the whole arcana of human society. He did not propound a theory, but merely asked a question which was suggested by his study.

The social evil has been an incident of every form of society of which we have any knowledge. Beyond recorded history, its existence is related in legend and tradition. Whether monogamy, polygamy or polyandry prevailed, the social evil was there.

The wrath of God and the ban of the law are unavailing to eradicate it. Philosophy and religion alike have turned from it in despair. Even the death penalty could not abolish it. Education, moral teaching and the dread lessons of human experience have proved unavailing against this intoxicating and insidious vice.

The reason is that it feeds on the passion which perpetuates the human race—a passion which has no master, and which de-

## EQUAL OPPORTUNITY

—MILWAUKEE LEADER.

fies all laws, human and divine, in its search for gratification. Cupidity and passion are the bases of the whole edifice of social corruption. If it is not inevitable it defies the law of evolution, as it defies the teachings of religion and morality.

Churchmen are protesting against this decay in life of a portion of the human race. Did not the prophets of Israel thunder against it more than two thousand years ago? The remedies the pulpit of today proposes are precisely the remedies applied by Judean rulers and heathen lawgivers in the twilight of history. Formulas which were tried when the world was young have no more potency today than they had in the past.

It is one thing to point to an acknowledged evil, but quite another thing to suggest an adequate remedy. It would be worth while to stop and consider if something new and untried were proposed. Anything that promises amelioration if not a positive cure would be worth a trial. But it is futile to go on retrying remedies which have been tried in vain so often that one turns from them disheartened. It is making bricks without straw, grinding with water that has passed.

Is there no remedy then? Possibly; we do not know. It is to be hoped there is. But the failures of the past are not remedies in the present. The malady was diagnosed before King David was born, and no new remedies have been proposed since his time. Nor is there any promise of remedy in constantly obtruding a noisome subject upon the public merely to point at the muck without showing how it is to be got rid of. Ignorance and intolerance cannot accomplish what wisdom and philanthropy have failed to accomplish. Hounding harlots from one abode to another or from town to town may gratify the love of the chase, but it is about the most futile of all remedies.

Its very brutality and inhumanity should forbid its application by men engaged in the service of God and teaching the precepts of Jesus. Is the story of the Magdalen forgotten? "Let him that is without sin cast the first stone," said Jesus. Not a stone was cast. The crowd hung back ashamed and the Magdalen repented.

Jesus went to the root of the matter when He said let him that is without sin cast the first stone, and His treatment of the Magdalen points a moral that the churchmen of today would do well to heed. Hypocrisy and self-righteousness will never solve a problem that has thus far baffled the wisdom of mankind. Brutality is no solution any more than the thumb-screw, the rack and the stake induced man to love God and walk in His ways.

## Kent and the Exposition Bill.

A dispatch from Washington says Congressman Kent is fighting the Exposition bill. That is not quite correct. Mr. Kent is often wrong, but in this instance he is right. He is not fighting the bill, but is striving to get stricken out of it a provision that ought to be eliminated, or radically changed at least. The bill provides that there shall be a federal commission of seven members, for four years, who are to receive salaries of \$7500 a year apiece and all expenses, with an allowance of \$36,000 more for clerk hire—all this to be paid, not by the United States government, or out of the \$2,000,000 government appropriation, but out of the funds raised in California for the Exposition itself. Mr. Kent wants the number of commissioners reduced from seven to one. Any reduction will be a saving of money to the Exposition. Of course, Kent may make his fight so unwisely as to hazard the success of the bill, but we hardly think Congress will be so unjust, so petty and childish as to strike at the Exposition because a member of the California delegation protests against an item which compels the Exposition managers to waste their own money on useless and unnecessary federal officials.

## Twenty Years Ago Today

The announcement is made of the engagement of Frederick Staude of San Francisco and Miss Louise Lutgen of Alameda. Staude is the junior member of the firm of Wickham, Lutgen & Co., and is well known in San Francisco. Miss Lutgen is one of the prominent society belles of Alameda.

On Wednesday evening at her home on California street in San Francisco, Mrs. Monroe Salisbury entertained a number of young people at a party given in honor of Miss Helen Borden, formerly of Oakland but now of San Francisco.

On Saturday evening a week ago a pleasant surprise party was given to Mrs. M. E. Kennedy, it being her eighty-fifth birthday anniversary, at the residence of her daughter, Mrs. A. J. Caslin, in East Oakland. Four generations were present, including a daughter, Mrs. I. Macdonald of Boston, whom the family had not seen for 25 years.

Rabbi Franklin of the synagogue will deliver a lecture at the synagogue next week.

A reception will be tendered Rev. James M. Monroe and wife at the Christian church Friday evening. Mr. Monroe is the new pastor of that church.

Donnan Thompson's celebrated play, "The Old Homestead," will be presented at the Macdonough theater next week.

The members of the parish of the Immaculate Conception met at St. Mary's school yesterday with delegates from other parishes and planned a church fair. There was the wildest rejoicing among the citizenry today when the city won the famous waterfront case. The Superior Court sitting en banc granted a motion for a non-vult, thus throwing the case out of court.

## LARGEST SAILING SHIP

There was recently constructed an auxiliary five-masted bark, France, which, by virtue of her 6500 tons' measurement and her oil engines, is the largest sailing ship afloat. In addition to her sails she is provided with twin screws driven by two oil engines, each of 900 horsepower, and each capable of giving a speed of ten knots without the use of her sails. The vessel's sail area is about 7800 square yards. The length over all is 430 feet, the breadth, moulded, fifty-seven feet, draught, twenty-three feet, displacement 2730 tons, deadweight 6500 tons, gross tonnage 5100 tons.

A double bottom is provided for carrying water ballast, and there is also a forepeak to ensure sufficient stability when the vessel is without cargo. The France has been chartered for three years to transport minerals from New Caledonia to France. It is anticipated that from fifty to sixty days will be required for the voyage, a saving of at least thirty days on the best passages made under sail-power alone.

The big five-master when under a good pressure of canvas and with her twin engines going will be able to make seven-knots, under her oil engines, ten knots.

## BACHELOR MUSINGS

Santa Claus is a woman, with the credit as usual going to a man. A great moral trait in a man is for him to be able to like sausages for breakfast. Excuses on a job never finish it as soon as they do the man trying to hold it down.

## THE SPAN OF LIFE

In the Middle Ages the average span of human life was about thirty years. The average among civilized peoples is now about forty years. The startling prophecy that man would sometime only begin to understand life at 100 does not seem so unreasonable, perhaps, when we consider the span of life allotted to vegetables and to other animals. There exists at the present time in the island of Cypress a tree which was planted 283 years before Christ. In the suburbs of Athens travelers are shown the olive tree of Plato, which is 2000 years old. The plantain tree of Hippocrates, the father of medicine, is 2300 years old, while the giant redwood trees of California are estimated to have lived at least twenty centuries. Tourists in Hildesheim, Germany, are never allowed to pass the famous so-called "thousand-year" rose-bush" in the grounds of the cathedral. The list of legendary trees might be indefinitely extended, and world trees include the chestnuts of Etra, the walnut trees of St. Nicholas in Lorena, the olives of Jerusalem, the yew trees of York, the yew trees of 1000 2000 and 2500 years old, and the cypresses of Mexico, which are considered the oldest trees in the world.

These figures are taken from the data of Dr. Legrand, a well known French naturalist. He also points out singular differences in the longevity of animals of varying species. The crocodile and the carp live, he says 300 years; the elephant and the whale, 200, the falcon, 150, the parrot and eagle, 100, the lion and the rhinoceros, 60, the goose, common pike and pelican, 50, the hart and vulture, 40, the ass, bull and camel, 30, the horse, 25, the peacock from 23 to 25, the pig, bear, cow, pigeon, cat, dog, deer, wolf and the fresh-water lobster, 20 years, the duck, nightingale, lark, fox and pheasant, 15, the canary and the cricket average 10, the rabbit lives 8, the squirrel and hare, 7. Insects which undergo metamorphosis live usually from one to two years and there are flies whose span of life is one day. Nature, it will be seen, shows man no special favor or disfavor among the animals. The great epidemics which have disappeared at the edict of science together with intelligence in the matter of living, are the chief causes which are favoring and will in the future favor man's longevity.

English statistics show that women born of large families live to the greatest age. The United States census in 1890 showed seventy-seven women and thirty-four men over 90 years of age—Exchange.

## WISDOM OF MRS. SOLOMON

When Solomon decreed that the child claimed by two women should be cut in half, thus forcing true motherhood to show itself, he won for himself renown as the greatest of all judges. In South Norwalk, Conn., Judge Valden tried to emulate Solomon by permitting every complaining wife who appeared before him to act as a sort of Mrs. Solomon, each passing judgment on her own complaint and her own spouse.

Mrs. George Mills brought her husband before Judge Valden, complaining that he—her husband, was not only intemperate, but disorderly. Then up spake the judge.

"Madame, I have come to the conclusion that women are really wiser than Solomon. If they were permitted to decide their own complaints against their husbands, I feel sure they would decide wisely. The day is rapidly approaching when women will have a say in the making of the laws and the administration of such laws. I am willing to begin right now. You may act as judge in this case."

Bowing low, the fair plaintiff thanked the court and pronounced sentence on her devilish husband at once. "The defendant," she said, "is fined \$1 for intemperance, \$5 for making all the fuss and is sentenced to 60 days in jail for striking the complainant."

Most persons will agree that the verdict of this Mrs. Solomon was fair and unprejudiced. Moreover, it was definite. The judgment was really the voice of the people, the sentiment of the nation. But Judge Valden, in a rash moment, recalled the decision of the people as uttered by Mrs. Mills. He said that it was too harsh. He told the defendant to leave his wife in peace and then suspended sentence.

Thus, in one fell swoop, the judge showed himself a reactionary, proved that judges should be recalled, or at least "called down," and demonstrated that women should have the ballot, so that they may elect feminine judges who will have a sterner sense of man's responsibilities.—Washington Post.

## WOMEN AS POSTMASTERS

With a desire to relieve rather than increase the embarrassment of Democratic members of Congress, who are spending sleepless nights wondering how they can dispose of one fourth-class postmasterhood so that sixty-nine applicants will be pleased, it is respectfully submitted that the local suffragette leader in each instance could easily solve the problem.

In Stamping Ground, Ky., a little town of 500 inhabitants, when Mrs. Ida Bruner became postmistress in 1901 the postoffice was kept in an old grocery store, and was used chiefly as a place in which to swap yarns and expectorate tobacco juice. In the sawdust box behind the stove the receipts amounted to \$500 a year. Today they are increased to \$1500 a year, with no corresponding increase in population. Through Mrs. Bruner's personal efforts, by riding through the district to the most distant points, through sleet and rain, snow and broiling sun, five rural routes were established from the town. As a result the office now has a payroll of \$6000 a year, in place of one of \$100, when Mrs. Bruner took charge.

There is no doubt that Mrs. Bruner has done great work, both from a governmental and political standpoint. From a governmental standpoint, she increased the receipts \$1100. From a political standpoint she increased the payroll \$5900. It is doubtful whether the most astute male politician could have done as

well. Altogether, Mrs. Bruner is said to have made an excellent postmistress. She is so popular that the residents of the village write three times as many letters as they formerly did.

Suppose the working members of Congress were to leave the whole matter to their local suffragette leaders? There is not a town that hasn't such a leader. The burden would be shifted at once. The sixty-nine male applicants would be so interested in seeing the women scamp over the job that they would forget their own disappointment. It seems to be an ideal solution, and we commend it to those who are discussing local primaries and other methods of disposing of the vexed question.

## WITTY BITS

Mrs. Gad, the well-known Danish suffragette, explodes the theory that there is nothing in a name.

Arnold Bennett's book, "Your United States," is doubtless taken by J. P. Morgan as a personal compliment.

What terror has a mere black-hand letter to a gentleman who receives 40,000 epistles a week demanding jobs.

The celebration of the logarithm tercentenary will at least console our high school and college students with the reflection that the man who invented 'em is dead.

## FIRE WHISTLES SCORED BY WRITER

Antiquated Method of Giving News, Declares William H. Kenney.

EDITOR TRIBUNE—Now that Oakland is boasting so much of her progress as a modern city, of her new hotel and city hall, of her waterfront, etc., it seems to me it is about time to do away with the antiquated method of announcing to the public the fact that there is a fire in town, namely, the fire alarm whistles. This was brought to my notice especially last Saturday evening at the time of the conflagration at Twenty-second and West streets, when the whistles blew incessantly for almost half an hour.

The effect produced by the continuous blowing of the whistles was to make most women nervous by giving them something to worry about; whereas, if they did not hear the whistles they would be blissfully ignorant that there was a fire in the city.

It also helps to bring a lot of people out of curiosity to a fire who crowd as close to the flames as the flames will permit and who hamper both the fire and police departments by their presence.

But I cannot see that the blowing of whistles does any real good, and I think it would be wise to do away with the practice as has been done in all other large cities of any note.

Yours respectfully,  
Wm. H. KENNEY.

## STANFORD STUDENTS DISCUSS GOVERNMENT

STANFORD UNIVERSITY, Jan. 24.—Problems of the student control were openly discussed at assemblies of both men and women students yesterday morning.

Eugene F. Kern, '13, president of the student conference, explained the workings of the conference. Both Kern and Karl L. Schaupp, '13, student adviser, took the occasion to warn the students that, should the occasion arise at any time to deal with the drinking problem, the council would not depart from the rulings which have always been in force in regard to bringing liquor on the campus, either "within or without."

Irving I. Ingraham, '13, the new campus chairman of the Stanford Union, made an appeal for funds for the union. He said that \$22,000 out of the \$43,000 pledged has been paid in.

In the women's meeting the Women's Clubhouse was the big issue. Mrs. E. W. Allen, dean of women, spoke in behalf of the board of directors, presenting the project of increasing memberships and spreading interest among the students.

Women's student government was explained by Miss Vesta Wagner, '13, who urged upon the students the personal responsibility in participating in self-government.

## CHINESE ON TRIAL FOR ALLEGED SMUGGLING

SAN FRANCISCO, Jan. 24.—Wong Fui and Lee Wah were placed on trial in the United States District Court yesterday on a charge of conspiracy to smuggle opium into the United States. They were arrested with 20 lbs. in their possession last July.

"THE PAPERS" GONE.—CHICO, Jan. 24.—The annual play and songs of class A of the State Normal school for the benefit of class B was ready. It is an event looked forward to with a great deal of anticipation. But there was no play and no songs. It all happened (or didn't happen) because someone stole the play, songs and everything necessary for the celebration. The class is endeavoring to locate the culprit.

## STRATTON TO SIT TIGHT, HE AVERS

"Do Not Intend to Resign," He Declares in Answer to Rumor.

SAN FRANCISCO, Jan. 24.—Fred S. Stratton, collector of customs, announced yesterday he will not resign and it was rumored he will make a determined fight to hold on for four years more.

Stratton's third term, covering twelve years, ends March 1, and during his administration the customs service practically doubled in business.

He gave out the following statement: "I have never at any time had any intention of resigning as collector of customs. I have no present intention of such resignation, nor have I ever given such an intimation. When I leave this office it will be with head erect and colors flying, nor will I take refuge under a perfunctory resignation just preceding any termination of my term of office."

"F. S. STRATTON."

It is well known that Senator George Perkins is anxious to have Stratton to serve another term. It is also known that Senator Work is kindly on the re-appointment. Senator Works, it is said, will present to President-elect Wilson the argument that Collector Stratton is a most efficient man for the place.

It is generally understood that Stratton voted for Wilson in the last presidential election, and he announced in the press he would not vote for Roosevelt.

## BISHOP MOORE IS SUED FOR LIBEL

Kansas Woman Demands Restitution for Alleged Views.

KANSAS CITY, Jan. 24.—Trial of a libel suit brought against Bishop David H. Moore of the Methodist Episcopal church of Cincinnati and Mrs. George O. Robinson of Detroit, president of the Missionary Society, by Mrs. Carrie E. Cope of Topeka, Kan., began yesterday afternoon in the United States court in Kansas City, Kan. Each defendant is sued for \$50,000 damages.

The suits grew out of the disposition of \$10,000 left to Kansas home missions by Mrs. Fanny Murray of Atchison county, Kan., who died in 1907. Two Methodist societies claimed the fund. Mrs. Cope obtained part of the funds and the other society sued her. Bishop Moore was appointed by the conference to investigate the controversy.

Mrs. Cope alleges that Bishop Moore, in a letter to Mrs. Robinson referring to the fund, said: "I don't believe you will ever see a cent of it." Copies of this letter, Mrs. Cope alleges, were sent by Mrs. Robinson to other national officers of the missionary society.

## MARIN CO. RESIDENTS TO SEEK NEW RATES

SAN RAFAEL, Jan. 24.—Marin county commuters to the number of 250 held a mass meeting at the city hall last night and adopted a tentative passenger rate schedule that they will put before the State Railroad Commission at 10 o'clock Monday morning.

The new rates asked between the north section and San Francisco are as follows: Regular monthly commutation, \$3; ten-trip ticket, \$1.55; thirty-trip family ticket, 20 cents round trip; 100-beaner ticket, 25 cents round trip; single, one way, 20 cents; round trip, 35 cents; all school tickets, one-half commutation rates; station to station, 5 cents; more than one and less than five stations, 10 cents; round trip, 15 cents; more than five stations, 15 cents; round trip, 25 cents.

South section—Sausalito to San Francisco, commutation ticket, \$2; one way, 10 cents; round trip, 20 cents; Mill Valley, commutation ticket, \$2.50; one way, 15 cents; round trip, 25 cents. The proposed new rates are a heavy reduction over existing rates.

## LAKE PROTECTORS TAKE OUT PAPERS

Association Incorporates to Perform Better Work in Fight.

SACRAMENTO, Jan. 24.—The Lake Tahoe Protective Association, which proposes to make a fight to prevent interference with the waters of Lake Tahoe, has just been put through here by former State Senator P. L. Flanagan of Reno, who has been a guest at the Palace Hotel for several weeks.

The deal involves the control of the Constantine ranch, the Big Canyon ranch, the Hard Scrabble ranch, the Milk ranch and several minor properties, owned by Senator Flanagan, whose holdings total 200,000 acres of agricultural and grazing lands, all north of Reno. Along with the land go about 60,000 sheep and several thousand head of cattle.

Flanagan has been working on the deal for six months, backed by the Nixon and Wingfield banks of Nevada. The transaction is one of the biggest of its kind in the history of the Sage Brush State. A few days ago a preliminary payment of \$100,000, sent from England, was made in this city. The syndicate's plan is to incorporate the big ranches into one company.

## NEVADA RANCHES SOLD FOR MILLION

Former State Senator Flanagan Puts Through Big Deal.

SAN FRANCISCO, Jan. 24.—A million dollar deal which will give an English syndicate some of the most valuable ranch properties in Nevada, has just been put through here by former State Senator P. L. Flanagan of Reno, who has been a guest at the Palace Hotel for several weeks.

The deal involves the control of the Constantine ranch, the Big Canyon ranch, the Hard Scrabble ranch, the Milk ranch and several minor properties, owned by Senator Flanagan, whose holdings total 200,000 acres of agricultural and grazing lands, all north of Reno. Along with the land go about 60,000 sheep and several thousand head of cattle.

Flanagan has been working on the deal for six months, backed by the Nixon and Wingfield banks of Nevada. The transaction is one of the biggest of its kind in the history of the Sage Brush State. A few days ago a preliminary payment of \$100,000, sent from England, was made in this city. The syndicate's plan is to incorporate the big ranches into one company.

## ROBBERS FIRES JAIL

PUEBLO, Colo., Jan. 24.—Homer Blue Richards, who confessed recently that he is wanted in Oklahoma for complicity in six bank robberies, yesterday set fire to the city jail, where he is confined. He has boasted that he will not be taken from the jail alive. Richards was severely burned.

## TO VISIT KAISER

BERLIN, Jan. 24.—It is stated that the Prince of Wales, after his present term at Oxford, will call on the Kaiser at Potsdam, after which he will visit several German cities. He then will be received officially at Potsdam by the Emperor, who will confer upon him the Cross of the Black Eagle. Extensive preparations are on foot to give the Prince a good time.

## "Fifty Years Ago, When Golden Wedding Rye Was Young"

Many people do not know that whiskey can have an agreeable taste. They do not know that it can have the mild, mellow thrill, without a single unpleasant after-effect. They do not know

has the agreeable Flavor and Quality which they have imagined, but never found in ordinary whiskeys.

Golden Wedding is made differently from ordinary whiskeys. Its formula and process of manufacture keep the original quality absolutely pure all the way through.

Try Golden Wedding. The flavor and mellowness ripened into the finest grain by the sunshine, and kept in by the marvelous science with which it is distilled.

That's why it is the preferred whiskey for the sideboard.

## CONTRACT AWARDED FOR LONGEST PIER

SAN FRANCISCO, Jan. 24.—The State Board of Harbor Commissioners yesterday let the contract for the longest pier yet to be projected into San Francisco bay. The pier, which will be known as No. 27, and which is to be located at the foot of Kearny street, will be constructed by the Thompson Bridge Company, the successful bidder, at a cost of \$475,200.

A score of contracting firms had representatives before the board to bid on the big work. The pier will be 1080 feet long by 200 feet wide, and the specifications call for re-enforced concrete pillars on heavy timber piling. Work on the pier will be started within 30 days. It will be modern in every respect, and when completed will furnish docking facilities for the largest vessels which will come here with the completion of the Panama Canal.

## BITTER FIGHT WAGED OVER LIQUOR ISSUE

MODESTO, Jan. 24.—As a result of the wet and dry fight now on in Oakland in this county, a committee of Oakland "drys" came to Modesto today and swore to 15 warrants against Oakland persons on charges of illegal registration. The warrants will be served by Sheriff Dingley.

The anti-saloon element charges that the saloon men have imported many men for the purpose of voting at the election next Tuesday and have registered them illegally. Two women are included in the number for whom warrants were asked.

Oakdale voted dry a year ago by five votes and this second election has created a great deal of bitterness.

GRANDSON OF HAMILTON DIES. NEW YORK, Jan. 24.—William Gaston Hamilton, the last surviving grandson of Alexander Hamilton and father of William Pierson, not-in-law of J. Pierpont Morgan, died yesterday at his home in Gramercy Park, 105 East Twenty-first street, at the age of 80, after a period of ill-health lasting through several years.

## ERUPTION ITCHED AND BURNED

Little Pimples on Face and Arms. Festered and Came to Head. Always Scratching. Cuticura Soap and Ointment Completely Cured.

315 East Chapel St., Santa Maria, Cal.—"Three years ago I was troubled with little pimples on my face and arms. They looked like little red streaks across my face. The pimples festered and came to a head. For a long time they itched and burned me so that I was always scratching them. My clothing irritated the eruption on my arms. I tried several kinds of pimple cures but they did not help me, so I thought I would try using Cuticura Ointment and Soap. After several treatments I found quick relief. Before going to bed at night I would wash my face and arms with hot water and Cuticura Soap and in the morning I would use the Cuticura Ointment. I was completely cured." (Signed) Wm. Nelson, Jr.

## ECZEMA SPREAD OVER HANDS

Monquero, N. M.—"My eczema started with a lot of little itching bumps on my forehead below the knuckle. It itched at night and I couldn't sleep. It commenced spreading all over both of my hands and up to my elbows and made sores. I could do no work."

"A friend of mine saw my hands and recommended Cuticura Soap and Ointment. As soon as I applied the Cuticura Soap and Ointment my hands commenced to get well and in one week I was entirely well." (Signed) Mrs. Mary McNeil, Nov. 15, 1912.

Cuticura Soap and Cuticura Ointment are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." "Tender-skinned men should use Cuticura Soap Shaving Stick, 25c. Sample free."

## Society

**T**WO important affairs are on the social calendar for today as well as a host of card parties and luncheons. Mrs. Frank M. Butler's reception for Miss Bernice Bronson and the Junior Assembly at the Hotel Oakland this evening are both occasions of the first importance on the social register and will be the reason for bringing numbers of society folk together in the afternoon and evening.

Younger and older folk both will be present at Mrs. Butler's reception, which will be held at the Fairmont Country Club. It is an informal "getting acquainted" affair for Miss Bronson's young friends and Mrs. Butler's older ones, as the charming young guest of honor is to become a member of Mrs. Butler's family in the near future as the bride of Charles Leroy Butler, her son. About 300 of the smart set have been asked from both sides of the bay. A number of society matrons and maids will also be present in receiving her guests. Among them will be Mrs. E. D. Bronson, the mother of the bride-to-be; Mrs. J. C. Brittain, Mrs. T. C. Coogan, Miss Marjorie Coogan, Mrs. W. C. Barnard, Miss Lillian Bernard, Mrs. W. W. Garthwaite, Mr. Arthur Tashner, Mrs. William Knowles, Miss Marguerite Parr, Miss Ruth Slack, Miss Hazel Congdon, Mrs. E. M. Walsh, Mrs. B. S. Hubbard.

**JUNIOR ASSEMBLY.**

The younger set will be the ones most in evidence at the complimentary dance by the patronesses of the Junior Assembly tonight. About two hundred and fifty have been asked, and they will be the flower of the young society folk of the bay cities. The affair has been planned by the hospitable women, who were the sponsors of the Junior for the last two years so that the young set would not be deprived of their distinctive affair for the season, in which they take such delight.

Among the dinners which will precede the dance will be that at which Miss Alice Palmer will be hosted at the Hotel Oakland. It will be a smartly appointed affair for ten guests. Among those who will enjoy Miss Palmer's hospitality will be Miss Adele Scott, Miss Doris Bornemann, Miss Dorothy Stone, Miss Elise Bogardus, Mr. E. H. Elckman, George O'Connor and Mr. McDonald.

**BERKELEY FRIDAY NIGHT CLUB.**

The Friday Night Club of Berkeley will enjoy its fourth dance of the season at Town and Gown clubhouse this evening. It will be a charming affair, with decorations of greens and blossoms to set off the gowns of the dancers. Supper will follow the dancing. The affair will be arranged by Mrs. Charles Marks, and the membership comprises about seventy-five of the Berkeley smart set. The list is limited to that number, new members joining only when old ones drop out. The last dance of the series will be held on March 28. It will be followed by an assembly arranged by men of the club as a compliment to the feminine members.

**BRIDGE FOR MISS TISDALE.**

Miss Margarita Burke has asked a number of the younger girls to a delightful bridge party this afternoon in honor of Miss Dorothy Tisdale of Alameda. The guests were entertained at Miss Burke's home with tea and cards.

**DYER-BENNETTS IN IRELAND.**

Lieutenant and Mrs. Richard Dyer-Bennett are in Fermoy, Ireland, where they will remain some time, in all likelihood. Mrs. Dyer-Bennett is the daughter of Professor and Mrs. Clapp of Berkeley and was before her marriage and departure with the dancing officer a popular member of bay society. She was much entertained upon the occasion of a recent visit here.

**BRIDGE LUNCHEON.**

Mrs. Kendall Morgan was a hostess this afternoon at a bridge luncheon at her attractive Pleasant home in honor of her sister, Mrs. William Gardner Cooke, who is visiting here from New Jersey. A number of old friends of the charming guest of honor, who formerly lived in Oakland, greeted her at the luncheon.

**SATURDAY NIGHT CLUB.**

The first dance of the season for the Saturday Night Club will take place at the Hotel Oakland tomorrow night. It will be a delightful affair for a number of the younger buds and belles and their escorts. Other dances by the club will be

MISS FLORENCE PLATH, A CHARMING OAKLAND GIRL, WHO IS POPULAR IN SOCIETY.

on the calendar for the evenings of March 1, April 5 and April 26. Among the patronesses of the club are: Mrs. E. H. Bornemann, Mrs. Henry Miles Bull, Mrs. Herbert Lincoln Bredt, Mrs. Leon Gove, Mrs. Lewis Kistler, Mrs. William Rums, Mrs. William Halbert, Mrs. Alexander Stewart, Mrs. C. M. Perkins, Mrs. James MacLure, Mrs. J. V. Comfort, Mrs. William Waddell, Mrs. A. Sherman.

**MISS MCKAY HOSTESS.**

About forty guests have been asked to the Magnolia street home of Miss Ethel McKay this afternoon for an hour at cards and a meeting with three interesting guests of honor, Mrs. Alexander Pantagones, who has recently come to spend the winter at the Hotel Oakland; Mrs. William Elmer of New York, and Miss Hazel Gates of Los Angeles. Tea will complete the afternoon's entertainment.

**CARD PARTY SATURDAY.**

Miss Irene Ball will be hostess at a large card party Saturday when she will entertain at her home in honor of two attractive guests of honor, Mrs. Ward Ball, her sister-in-law, who was a bride of the summer, and Miss Wynne Newell, who is visiting here from her home in Marysville. About sixty guests have been asked to share Miss Ball's hospitality at an afternoon of cards, followed by an elaborate tea.

**DINNER AT FAIRMONT.**

Mrs. H. M. A. Miller was a hostess at the Fairmont last night at one of the most unique dinners of the season. Forty guests were seated in the Laurel Court in an environment that suggested the cool, green gardens of old India. The table was set with a variety of foods and the guests remained for bridge after the dinner. Among those from both sides of the bay who enjoyed the occasion were Mr. and Mrs. Philip E. Bowler, Mr. and Mrs. Henry Clarence Breeden, Mr. and Mrs. William Spruile, Mr. and Mrs. Henry Foster Dutton, Mr. and Mrs. Harry Holbrook, Mr. and Mrs. Frederick H. Beaver, Mr. and Mrs. Eugene Lent, Mr. and Mrs. William Thomas, Mr. and Mrs. C. O. G. Miller, Mr. and Mrs. Latham McMullin, Dr. and Mrs. Cullen B. Veltz.

**LUNCHEON FOR MISS MUSSER.**

Miss Hazel Ingels was hostess yesterday at a prettily appointed luncheon in honor of Miss Edna Musser, whose engagement to Mr. C. Fox Jr. has been announced. Miss Ingels was assisted by Miss Margaret Warner, Miss Helen Dabney, Miss Gertrude Adams, Miss Mildred Wells, Miss Edna Schuck, Miss Helen Fitch, Miss Dorothy MacBoyle, Miss Helen Acker, Miss Edna Stephens and Miss Arvilla Ziegenfuss.

**CARDS AT HOTEL OAKLAND.**

Mr. Herbert Gaskill entertained a number of friends this afternoon at an informal card party at the Hotel Oakland, with tea to complete the afternoon after the games of bridge. Mr. and Mrs. Gaskill have taken up their residence at the hotel during the winter season.

**HOTESS YESTERDAY.**

One of the elaborate luncheons of yesterday was provided over by Mrs. M. J. Thompson, who entertained about fifteen prominent matrons at her attractive home. Bridge was played during the afternoon. Mrs. Morrison has been giving a series of charming affairs this season.

**TAPISCHELLO CARD PARTY.**

The Tapiscello club of Piedmont will give a card party next Tuesday afternoon at the home of Mrs. Louis A. Willborn on Monticello avenue. It will be a

charity bridge, and the proceeds will be used toward the furnishing of a room at the King's Daughters' Home on Broadway. Mrs. Thomas Watson White will entertain during the afternoon with a cantillation. Mrs. White is an Eastern visitor who has been heard by some of the leading women's clubs here. She will present a new number on Tuesday.

**EVENING BRIDGE PARTY.**

Mr. and Mrs. Adolph Uhl will entertain with a bridge party this evening at their attractive Piedmont home, with a number of neighborhood friends as their guests. A number of delightful affairs have been given at the Uhl home this season.

**RETURNED FROM SACRAMENTO.**

Miss Marjorie White, a popular Oakland girl, has just returned from a three weeks' stay in Sacramento, where she was much entertained by the young set. Miss White expects to leave for a trip to New York about the middle of February and many affairs in her honor are being planned before her departure.

**ENTERTAINS TONIGHT.**

Miss Helen Bailey has bidden about twenty friends to her home tonight to greet Captain and Mrs. Seth Williams, who are visiting here while on their way to the Philippines, where military orders are taking the captain. Mrs. Williams was, before her marriage, a popular Oakland belle. She is a sister of Miss Bailey.

**DINNER AND BRIDGE.**

Mr. and Mrs. Houghton Sawyer will be the hosts at an enjoyable dinner party at their Oakland avenue home tonight. Bridge will follow the dinner. About a dozen guests have been bidden to share Mr. and Mrs. Houghton's hospitality.

**ESCHSCHOLTZ CLUB LAST NIGHT.**

The fourteenth annual dance of the Eschscholtz Club was held in California Club hall last night and was a most successful affair, with a large attendance. The ballroom was elaborately decorated with golden poppies, the club's flower, and palms and ferns. The grand march was led by President E. J. Sulberg and Miss Maple, followed by Past President W. J. Ode and Miss Alice Ode.

**DINNER AT HAYWARD.**

Mrs. Leander Linekin and Mrs. Fred Holt of Hayward were hostesses at a dinner to several old friends last Thursday. Among the guests were Miss Nora Shiley, Mrs. T. R. Russell, Mrs. T. King, Mrs. M. A. Krueger, Mrs. T. W. Haines and L. Holt.

## WOMEN IN THE NEWS

### NEW YORK MATRONS CORRUPTED BY GAMBLERS

New Form of Vice Is Revealed in the Smart Set.

**N**EW YORK, Jan. 24.—Cultured young wives—many of them mere slugs—girls, scarcely out of their teens—have been snared by their money and jewels, corrupted and made slaves of professional gamblers in the new phase of the prevailing vice in New York.

According to a high officer of the New York police, the apartment houses of Manhattan, Brooklyn and the Bronx are honeycombed by the evil genius of the slim, young wife out for a bit of harmless fun.

The arrest last week in an apartment house in West Ninety-second street of two women, wives of respectable and responsible business men, is evidence of this form of gambling and the increasing evils it has bred.

Only a few weeks before her arrest, a woman confessed to her husband that she was in debt thousands of dollars. He said the debt on her promise that she would gamble no more. He thought she had kept that promise until he was notified to go to the police station and bail her out.

The police now have suspicion of what purports to be a school in the upper West Side. Twenty apartment houses are marked within one precinct, a fashionable part of New York.

### "King" to Pay Alimony

**N**EW YORK, Jan. 24.—James P. McDonald, the uncrowned king of Haiti, who heads mining and railroad enterprises on the island aggregating \$20,000,000 in capitalization, was yesterday directed by Supreme Court Justice Gavigan to pay his wife, Edith B. McDonald, alimony of \$400 a month. The McDonalds occupied separate apartments in the fashionable Belvedere hotel until November, 1911, when Mrs. McDonald sued for a legal separation, charging abandonment, because the railroad builder refused to cross the hall and live in the same apartment.

### Long Auto Tour

**N**EW YORK, Jan. 24.—A 40,000-mile automobile trip which carried Mrs. William A. Hall and her son, Melvin Hall, through thirty-three countries and around the world ended here last night. The route of Mrs. Hall and her son took them through Europe to Naples, where their car was shipped to India, and through the Orient, including Japan and the Philippines. After landing in San Francisco they motored through Northern Mexico and came home by way of the Santa Fe trail through Denver, St. Louis, Pittsburgh and Washington.

They wore out 117 tires and used 5000 gallons of gasoline.

### Loses Costly Jewels

**S**ACRAMENTO, Jan. 24.—Mrs. Fay Beal, wife of the millionaire autoist and clubman, lost two rings valued at \$800, in the St. Francis last night just before going to a dinner to a few friends at the hotel.

Mrs. Beal, preparatory to meeting her guests, had gone to the ladies' waiting room. When she reappeared in the tap room she was suddenly startled by the discovery that two beautifully gemmed rings were missing.

She recalled having laid them on a marble stand in the ladies' room and she hurried back to the place. The rings had disappeared.

Then the hotel management got busy. The maids of the room described two women who were there at the same time as Mrs. Beal. They were not guests of the hotel, but are known to House Detective Blake, who kept busy going to night in an effort to identify the two women and learn their address.

"We will have the information tomorrow, for I know the women by sight," said Blake, "and if they really took the rings they will return them."

It is estimated that Mrs. Dallas netted about \$500 from Sacramento merchants by her tale of woe. She carried a letter

## There Should Be No Malformed Children

By LILLIAN RUSSELL

Copyright, 1912, by Lillian Russell

**B**EGINNING young enough any girl can be turned off pretty at the age of 17. Persian women are clever at developing the growing beauty of their daughters from 10 to 14. They feed them to make them grow plump and bathe their faces with lotions made of tropical flowers, which leaves the skin like velvet. They fumigate the skins of their bodies over braziers of burning aromatics until the scent is absorbed by the freely opening pores and the flesh is perfumed for days. The doctors at the large city hospitals treat malformed infants almost at birth, or they defame each other. I heard one doctor say that he was about to operate upon a baby whose eyes were not wide enough for vision by cutting the lids at the outer corners. A harmless operation which some older babies would willingly undergo for the sake of "large almond-shaped eyes."

So malleable is nature that few distortions can not be remedied if taken during the first seven years of life, when the edge of pain is quickly turned, and dreary impositions of treatment are easily diverted. One must visit orthopedic hospitals to know what wonderful cures are made of rickety and deformed children up to their teens, until there seems hardly any excuse for malformation. Such blemishes as cross-eyes, flat noses, crooked shoulders or wens are unnecessary in this progressive state of surgery, which does not by any means imply painful methods. Many defects yield simply to good conditions and proper nourishment. Remember, it is nature's instinct to outgrow faults and she shows her gratitude for the slightest help.

### Answers to Queries

**B. M. L.**—Here are formulas for the hair tonic and shampoo for oily hair: Two ounces with hazel, two ounces alcohol, one ounce distilled water, and 40 grains resorcin. Apply every night, rubbing it thoroughly into the scalp and lifting the hair away from the scalp. Do this for two weeks then wash the hair with the following shampoo and repeat until you get the desired result: One teaspoonful of castile soap, one teaspoonful of tincture of green soap, one teaspoonful of borax, and an egg. Apply the mixture with a tonic brush. These brushes are inexpensive and are made for the purpose. The

brush removes the dandruff, cleanses the scalp thoroughly, and by bringing the blood to the minute vessels that nourish the scalp greatly benefits the hair follicles.

**LOUISE**—You are young and your hair has plenty of time to grow. I would not advise you to put anything on it. Take the best of care of your hair, brushing it well every night and shampooing it once every three or four weeks, massaging the scalp regularly. This is easily done and will not take much time. It is hard for me to advise one how to dress their hair, especially one whom I have never seen. Why not sit in front of your mirror and do your hair

several different ways and adopt the one that is most becoming to you? I think there is nothing more girlish than braiding the hair in one braid, tied with a bow at the top and bottom. If you will send me a stamped addressed envelope I shall gladly send you a formula for removing freckles and instructions for scalp massage.

**B. B. C.**—Peroxide and ammonia will destroy superfluous hair, but not with one application. There are several depilatories on the market that will remove hair with one application, but the hair is bound to return and will be heavier and coarser than it was before. I would advise you to have it removed with the electric needle. This is the safest and most effective way. If you will send me a stamped addressed envelope I shall send you a formula for a shampoo and tonic for oily hair.

### Kind Merchants Pay

**S**ACRAMENTO, Jan. 24.—Seated at a table in a restaurant late last night, with a supper spread in front of her and ordering cocktails as fast as they could be served, Mrs. H. Dallas, alias Mrs. H. B. Bradley, posed as a wealthy Southern woman, using money that had been given her by kind-hearted merchants of this city, who were under the impression they were aiding a destitute woman. From information learned by the police, the woman has an associate, who is a distinguished looking man of 35 years.

It is estimated that Mrs. Dallas netted about \$500 from Sacramento merchants by her tale of woe. She carried a letter

## EIGHT DIE IN WRECK AND FIRE

Shoppers Pinned in Ruins of  
Department Store  
by Crash.

The Falling Wall of Adjoining  
Building Causes Death  
and Injury.

MCKINNEY, Tex., Jan. 24.—There was assurance this morning that the collapse of the four-story Commercial building here yesterday had not developed into a holocaust. Practically the entire floor space is laid bare and there is no possibility of finding any large number of bodies underneath the wreckage.

The death list remained at eight, with one person—Mrs. Belle Williams—probably fatally injured and fourteen slightly hurt. Eye-witnesses for hours insisted that from 35 to 50 women and girls were buried in the ruins.

A "special" sale was in progress and shoppers in numbers were in the store, operated by Cheeves Brothers, when the walls of an adjoining implement house gave way and demolished the store.

**RESTORES GIRL.**  
Dr. J. B. Knight crawled under the ruins, and, using restoratives, kept Miss Lula Sorey, a clerk, alive for an hour until a rescuing party reached her. She will recover.

At the first cracking of timbers clerks and customers broke for the streets. Pressed outward by the weight of the heavy stock, the wall of the implement store swayed, sagged and burst through into the department store, and in an instant hundreds of tons of merchandise and wrecked and shattered building material formed a heap of debris in the department store.

After a moment of stunned inactivity rescuers attacked the ruins. Scarcely had they mounted the heap when flames burst through it. From all over the city came workers and they were formed into relays by Mayor "Fido".

**ASKS TO BE KILLED.**  
The fire was extinguished in an hour, but in some cases the flames reached the victims before the rescuers. N. R. Presley, a clerk, was one of these. In interrupted gasps he told the firemen that he was waiting on Leslie Bush, an Allen, Tex., capitalist, when the crash came.

Then Presley begged: "Kill me or give me a gun so I can kill myself. I'm burning. My right foot is burning off."

A few minutes later, when the rescuers reached him, Presley was dead. His right foot was burned to a crisp.

As darkness fell electric lights were strung across the ruins.

Assistance came quickly from near-by towns and from all parts of the state came offers of aid.

## CALL FIRST MEETING FOR NEW COMMERCIAL CLUB

Many Names Now on Roll for Charter  
Membership; More Coming

With the intention of striking while the iron is hot, the Live Oaks club, with the organizing of the Commercial Club, and the temporary committee met this morning in the office of Frank L. Woodward for the purpose of calling the first meeting, to be held at the Hotel Oakland next Tuesday evening.

Over two hundred of the leading men of Oakland, San Jose, Hayward, Alameda, Berkeley and other about-the-bay cities, have signed the applications for membership, and many from Stockton and Sacramento have announced their intention of joining the organization that promises to become one of the strongest clubs in the state.

At the meeting on Tuesday, officers will be elected, membership committees appointed, and the roll of members of the temporary committee doing nothing this morning but drafting a letter to the members and setting the day of meeting. The letter which is being sent out reads as follows:

"Dear Sir: You are requested to be present at a meeting of the charter members of the Oakland Commercial Club, to be held on the mezzanine floor of the Oakland Hotel on Tuesday evening, January 28, 1913, for the purpose of organization. Remember, this committee has programmed nothing beyond getting the members into a room for the purpose of organization. You must select your own officers, your clubrooms, settle the question of your dues and select your own constitution and by-laws. It is hoped a general discussion will take place concerning every phase of this question. Please reply in the enclosed card at once, also fill in on the attached blank the names of those who think would be desirable members. Yours very truly, (Signed) D. E. PERKINS, Temporary Secretary."

The committee as it stands is composed of Frank L. Woodward, temporary general chairman; Edwin E. Bull, temporary chairman; D. E. Perkins, secretary, as officers, and a general committee made up of Jules Abrahamson, J. Heeseman, Frank K. Leavitt, M. J. Layman, A. G. Tait, A. S. M. D. Layman, Charles Gorman, J. Y. Eccleston, Charles Smith and Fred Reed in addition to the officers. Many names have not been received by D. E. Perkins, the secretary, and are in the pockets of the

committeemen and a few were misplaced the night of the big banquet when the idea was first proposed. Among the most of those received are the following: F. M. Smith, E. A. Heron, J. F. Carlston, H. ## 36 Amateurs to Box at Olympic Club Tonight

SAN FRANCISCO, Jan. 24.—Twenty-six of the best amateur boxers of the Pacific Coast, including the champions of all their divisions, will meet tonight in the new house of the Olympic Club. The bouts will be four rounds each. Owing to the failure of "Archie" Johnson, youngest son of Governor Hiram W. Johnson, to make weight, he will box August L. Gohard, H. J. Calous, J. B. Whitmore, W. B. Townsend, C. W. Shrader, David Williamson, A. J. Mazurette, J. B. Downey, Dave L. Aronson, T. B. Bridges, F. B. Hink, E. Beardsley.

## Taft Appointments Are Not to Be Confirmed

WASHINGTON, Jan. 24.—Democratic senators in caucus today reaffirmed their determination to permit none of President Taft's nominations to be confirmed at this time with the exception of army, navy and diplomatic appointments. The caucus was called at the instance of Sen-

ator Newlands to see if it were not possible to confirm Interstate Commerce Commission, Clark's appointment, Senator Smoot, for the Republicans, when he heard of the caucus, said the Republicans would meet next Tuesday to determine their attitude.

## AWAIT REPLY ON CANAL DECISION

Reply Concerning Exemption  
of U. S. From Tolls Is  
Desired Soon.

WASHINGTON, Jan. 24.—Secretary Knox's reply to the British protest against the exemption of American coastwise shipping from tolls in the Panama Canal having been received in London, it is incumbent upon the British Foreign Office to come to a decision at once as to the course to be pursued in the continuance of the negotiations; to determine whether the efforts shall be continued to adjust the supposed differences between the two countries by the further exchange of ratifications of the Knox-Byrne general arbitration treaty, as amended by the Senate, and refer to a special commission the task of finding the actual facts as a basis for arbitration.

Officials here are awaiting the decision with great interest, because upon it will depend the probability of President Taft reaching a satisfactory settlement of the question before he leaves office. If the British government should decide to regard as satisfactory the American statement that its apprehensions for the future treatment of British shipping in the canal are groundless, and will so express itself, the incident will be closed, at least for the time being, or until some subsequent Congress might endeavor to act in a way as to warrant the charge of discrimination against foreign shipping.

**WANTS FACTS EXAMINED.**  
Secretary Knox in his note expressly invited the British government to examine the facts cited by him as a basis for his statement that through Professor Johnson's inclusion of American coastwise shipping in his calculations upon which the tolls are fixed, the British objection that an unjust burden was fastened upon British shipping has been completely met. It should not require much time to confirm this statement, as it is known that Professor Johnson's report is already in the possession of the British Foreign Office, so that the way is clear for a speedy understanding.

## COREY TESTIFIES IN STEEL SUIT

Says Tennessee Coal and Iron  
Was Absorbed by Corpora-  
tion in 1907.

NEW YORK, Jan. 24.—The Tennessee Coal and Iron Company was taken over by the United States Steel Corporation during the panic of 1907 despite the protests of the corporation's president, William E. Corey.

Corey so testified today under cross-examination at the hearings of the government suit to dissolve the corporation. He declared he had not concurred in the purchase because the price paid was too high. This price was the equivalent of \$119 a share. Mr. Corey said he did not believe the stock was worth more than \$50 a share. He added that John W. Gates and others who controlled the Tennessee Coal and Iron had placed a "nuisance value" on the property.

"Mr. Gates told me that the stock was cheap at \$250 a share," Corey testified. "I invariably replied that he was \$200 too high."

**PERSISTS IN CONTENTION.**  
Despite all efforts of attorneys for the corporation to confuse his testimony Mr. Corey persisted in his contention that the Tennessee Coal and Iron Company was and would have continued a steel rail corporation if it had not been taken over. One reason was because of the "nuisance value." He admitted that the company could not at that time make its open hearth steel rails at a profit, but said it would have soon been able to reduce its costs.

Mr. Corey was questioned about Judge E. H. Gary's knowledge of steel pools. "He knew about all the pools—all the time, because he attended some of the meetings," said Corey, mentioning the

## FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP; 25-CENT 'DANDERINE'

Save Your Hair! Danderine Destroys Dandruff and Stops the  
Falling Hair at Once; Grows Hair, We Prove It.

If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is shiny and lustrous, you must use Danderine, because nothing else accomplishes so much for the hair. Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots furnish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.

**ORDERED POOLS STOPPED.**  
Before the Stanley steel investigation committee Judge Gary testified that as soon as the existence of the pools came to his knowledge he had ordered them stopped.

Corey said that he was not in accord with Judge Gary's views at all times, but declared that there was no ill feeling between them, although there was some question as to who was the chief executive, himself or Judge Gary.

## PASTOR HORN JAILED AS BIGAMIST

Richmond Divine Is Positively  
Identified by Woman as  
Husband.

Sticks to Twin Brother Story;  
Produces Affidavits as  
Proof.

RICHMOND, Jan. 24.—Still declaring that all the misdeeds imputed to him were the work of a twin brother, Rev. Frank Horn, named by Mrs. May Metz-De Towrea as her husband in a divorce suit returned to Richmond last night to be arrested on a charge of bigamy preferred by the woman. Horn or De Towrea, was positively identified by Mrs. De Towrea as her husband.

"That is the man!" declared Mrs. De Towrea, leveling her finger at the clergyman.

Is this the woman who claims to be my wife? asked the clergyman. "I never saw her before."

Horn returned to Richmond armed with affidavits from relatives testifying to the existence of a twin brother, Owen, whom he declares is the husband of the woman accusing him. Mrs. De Towrea had Horn arrested on the charge that before marrying her he had married a woman named Jessie Sidwell in Everett, Wash., and had not secured a legal separation.

Judge D. J. Hall acting as the woman's attorney also declared that he was positive of the man's identity. He assured Chief of Police Arnold that there was no doubt in the matter.

De Towrea declared that he had left Richmond after the sensational charges were brought against him and collected affidavits to clear his name. He states that he was coming back with these when arrested as he stepped from the street car.

One of the affidavits he has is by his mother, Mrs. Eva McIntyre, which sets forth that there was a twin brother. Another, from Viola Wright, his cousin, corroborated this. A statement from Daniel Grant of Lovelock, Nev., declared that the pastor was in Nevada at the time his alleged trouble with the woman occurred.

### BASIS OF CHARGE.

The charge of bigamy against Horn is based on the allegation that Horn, or De Towrea, married Jennie Sidwell in Everett, Wash. in the spring of the year 1910, deserting her shortly after, while his former wife was still alive. The reputed first wife died some time last year.

The filing of the divorce suit against the Richmond pastor, which took place on Saturday, January 14, caused a sensation in Richmond after he had denied that he was De Towrea and among the members of the congregation of the First Baptist Church Horn had been exemplary in his conduct and was much respected.

Following the divorce suit disclosures, he was charged that Horn had led a wild and gay life and that he had frequently been forced to leave different places owing to his actions with young girls and had used the times several times, among them, the residence of Owen F. Lavareau and Martin McIntyre. He was arrested in Oregon on a charge of assault and disappeared after giving \$100 bail, and was also arrested in the state some time later, charged with having contributed to the delinquency of two young girls, but escaped on a technicality, according to Attorney Hall.

### SHOWS AFFIDAVITS.

The three affidavits submitted by the accused pastor are as follows:

PORTLAND, Ore., Jan. 18, 1913.

To Whom It May Concern: This is to certify that I, Mrs. Eva McIntyre of Portland, Ore., am the mother of Rev. Frank Horn of Point Richmond, Cal., and further that he has a twin brother, born on the 22d day of February, 1883, and that said Frank Horn was in Nevada, not far from the city of Reno, during the months of August and September and part of October, 1910, and further that Owen De Towrea (brother of Rev. Frank Horn) married a woman named Jennie Sidwell in Everett, Wash., during the month of August, 1910, and that said Frank Horn was in Nevada, not far from the city of Reno, during the months of August and September and part of October, 1910.

(Signed) VIOLA WRIGHT.

LOVELOCK, Nev., Jan. 18, 1913.

To Whom It May Concern: This is to certify that I have known Mr. Frank Horn for the past three years and that I know for a fact that he was in Nevada, from August 1, 1910, to October 15, 1913.

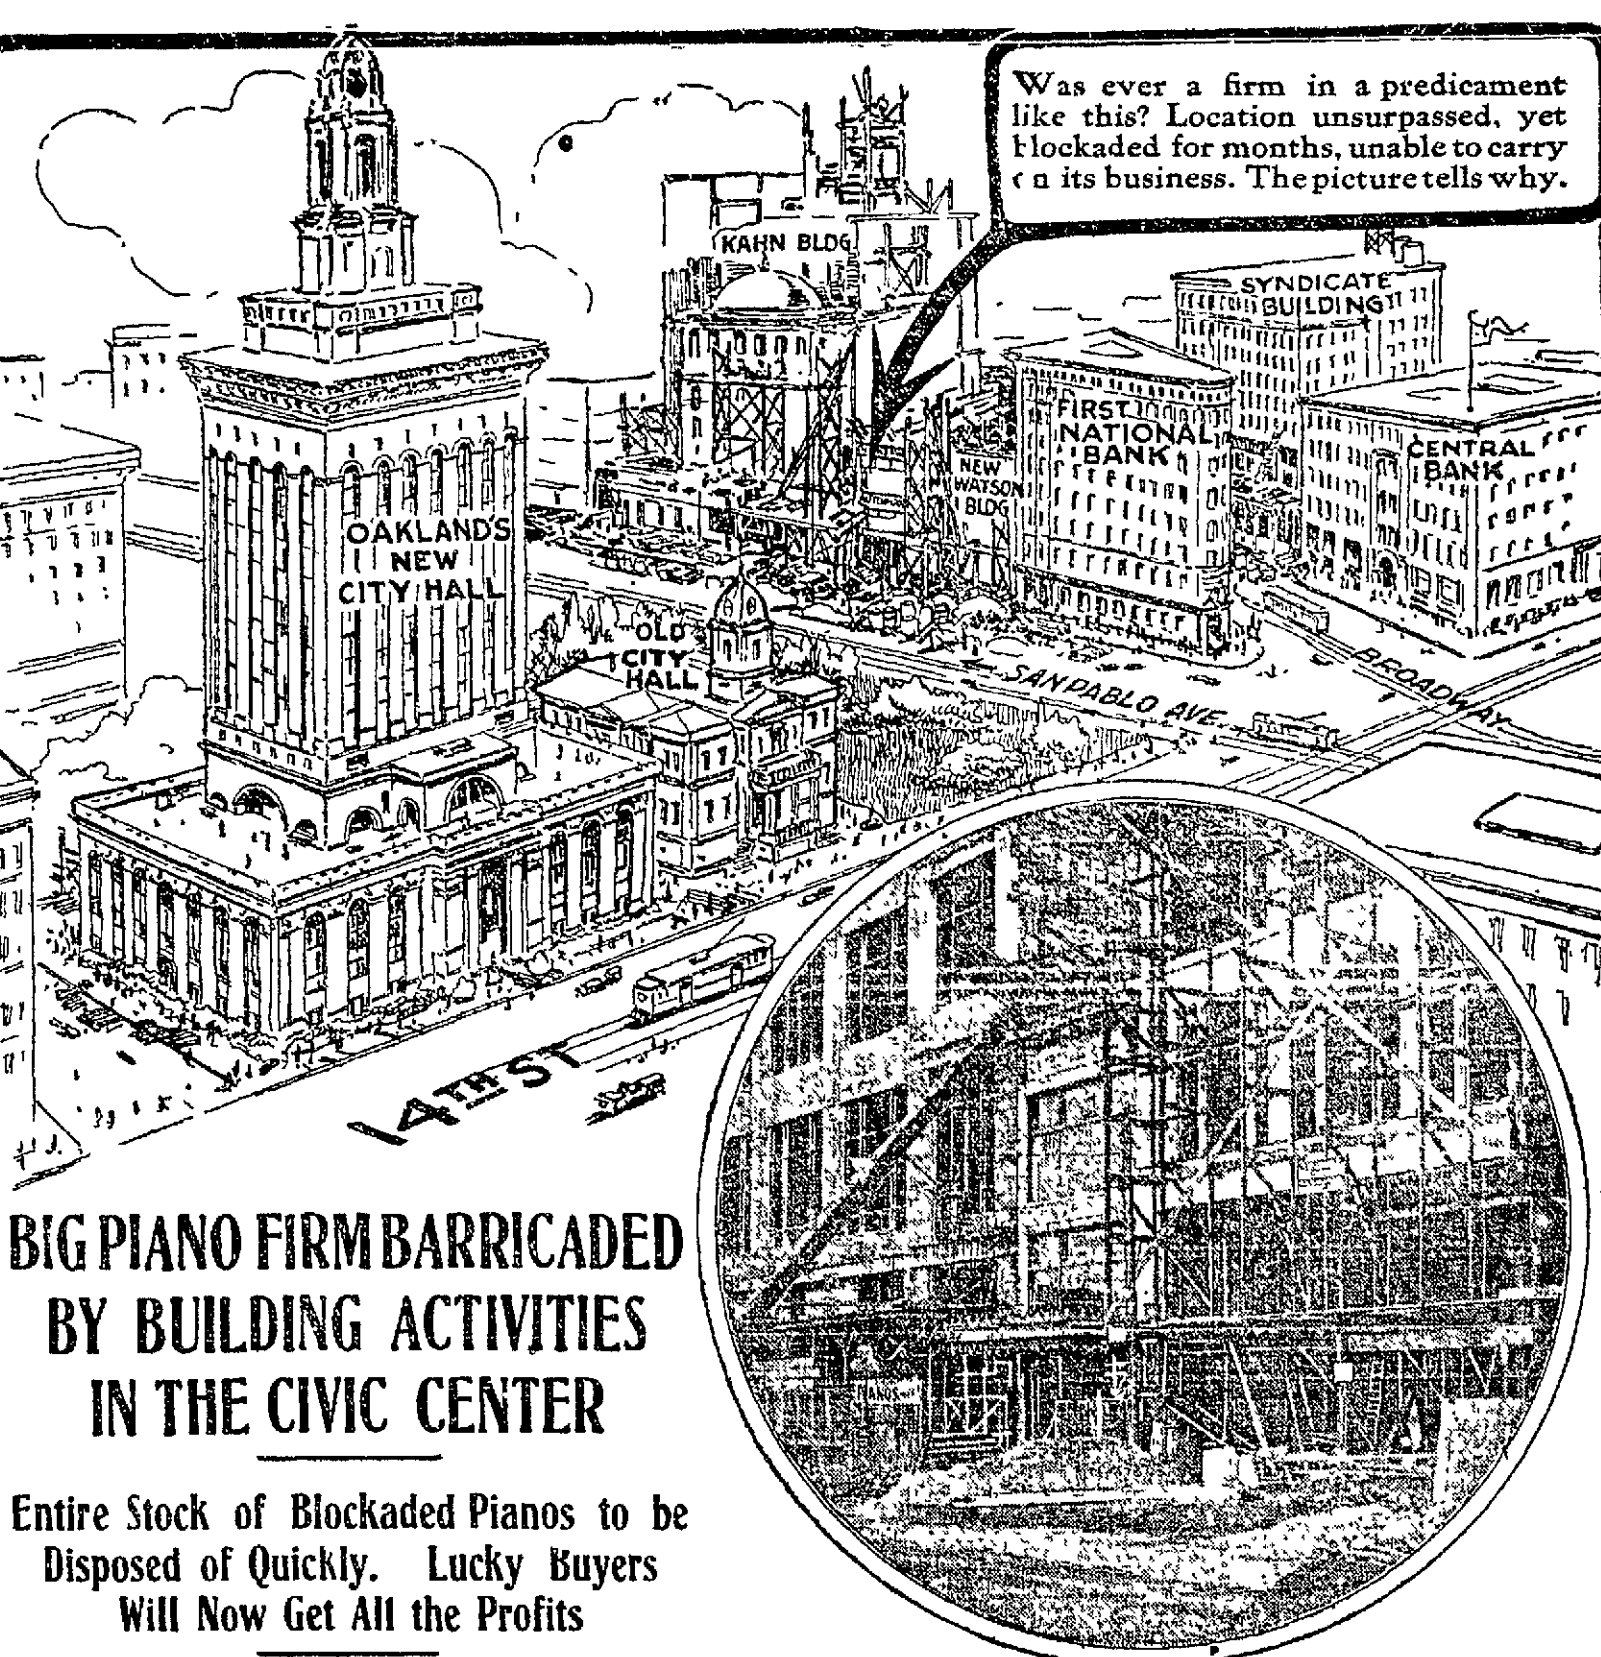

(Signed) DANIEL GRANT.

SAN FRANCISCO, Jan. 24.—James Johnson, arrested for stealing a cloak, testified in court and spectators in Judge Canby's courtroom today when he confessed to a large number of burglaries in this city, and said he had spent more than half of the 44 years of his life behind prison bars. ## BIG PIANO FIRM BARRICADED BY BUILDING ACTIVITIES IN THE CIVIC CENTER

Entire Stock of Blockaded Pianos to be  
Disposed of Quickly. Lucky Buyers  
Will Now Get All the Profits

Look at that scene. It's in the very heart of the Civic Center of Oakland, and right here is one of the finest stocks of high grade pianos on the Pacific Coast. We don't propose to leave these pianos here during the entire Summer. They should have been sold two months ago, but you can well imagine it isn't easy to sell even fine pianos behind that tangle of debris and rubbish and structural super.

### SUPERB PIANOS AT YOUR OWN PRICE

We feel we have lost several months in piano selling, but we are not going to hold these pianos over until the streets are clean. We are going to take the entire stock and sacrifice them at prices that will make the City of Oakland sit up and gasp.

One glance at the picture tells why we are compelled to do this. There is just one thing we want to ask of every intending purchaser—simply test these prices and decide for yourself if they aren't the biggest, most stupendous piano values that Oakland has ever known. Test the pianos for yourself and then ask yourself if you have ever heard instruments of richer tone, more nearly perfect action, more durable construction or artistic finish.

### WHAT THE BLOCKADE DOES FOR YOU!

We realize that we must have strong magnets to draw people into this blockaded store—and we have. The prices that are some times made on really cheap pianos are now made for the first time on instruments of high value and standard grade.

Here is a Knabe Upright Grand, a beautiful mahogany piano, that ought to bring \$550, but \$278 will send it to your home—pay for it \$25 down and \$8 a month.

Here is a Sohmer Upright Grand, an unique art gem in de luxe case, paneled in crotch mahogany—"The Soulful Sohmer." It is called the world over, for its pure mellow tone built to last a life-time, it sells everywhere at \$650. But the new pianos are piling in on us, we are overstocked to the limit, the blockade must be broken, and this goes at just \$397.

Here's another blockade runner. It's a beautiful Mieson Oak Lester, an instrument that's a joy to the artistic ear, a picture for the artistic eye. As a piano of furniture, it would adorn a palace, especially in California, as a piano it is one of the best known and liked of all. You would be getting good value at \$550; the blockade can't keep buyers from this one at \$332.

Another, the Milton. Richly polished mahogany case. Full bell metal plate. Bushed tuning pins. While other houses are asking \$300 for it, it goes in this blockade sale for \$154.

### PLAYER PIANOS, TOO.

Player pianos are not usually included in even the most urgent clearance sales, but this blockade sale, isn't an ordinary occasion. The big Eilers buying system isn't blocked off in the store, and every bit of accumulated stock is marked for sacrifice.

An Artistone, for example, is priced, regularly, at \$550. It is an 88-note player of the latest design, has all the manufacturer's best improvements, case is of richly finished mahogany, a superb instrument and it goes to help break the blockade at \$332.

Here is a Weber Pianola Piano, in beautiful Circean Walnut case. An ordinary piano of this grade you cannot buy from the regular agency at less than \$800. And this one originally cost \$1,050. Here is the combination player and piano for \$423.

It's a shame even to break through a blockade to sacrifice a genuine Vose & Sons piano in one of the very latest and most artistic colonial mahogany cases. These cases follow the straight lines of refined designers, accepted by people of culture everywhere as standard. No one would ordinarily expect to pay less than \$500 for this one, but the sale tag says \$328. That will take it through the blockade quick.

One more and we are done with sample quotations. Only remember that these are samples, taken at random from a crowded store, and that your own heart's desire is here at just as unheard-of a reduction. This last one is a Starck de Luxe, marked by the manufacturer to sell at \$750. The cabinet work on the case cost more than most pianos entire that you see in ordinary sales. Swell panels, rich and massive carving, selected grain mahogany, an exposition display in itself. If you can get in through the maze of brick-piles, plaster heaps and scaffolding it's yours for \$246.

### TELEPHONE AND MAIL ORDERS.

While we're smashing this blockade we will give as careful attention to mail and telephone orders as though you came in person. That is our only way of reaching those who will not run the blockade themselves. A child can come here and get the same treatment that will be given the shrewdest buyers.

### TERMS AND GUARANTEE.

And the famous Eilers terms and guarantee holds good the same as ever. The terms of payment are as low as \$10 down and \$5 a month. The guarantee is good enough for anyone—we return your money if the piano is not thoroughly satisfactory.

We have quoted only a few prices, but the selection is almost endless. There are Grands, Players, Electric Players, and ordinary pianos in every style and at unprecedented prices. You'll be surprised to see the fine piano you can buy for \$337. Still others at \$146, \$157, \$174 and \$190. There will be no half-way measures here. Out they must go. You know and we know that to find homes for these blockaded pianos within the next two weeks means almost giving them away.

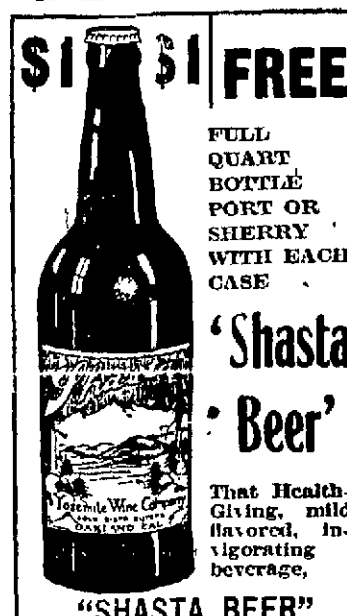

The sale begins at eight o'clock tomorrow morning. In ten days we should be fairly clear, with the rest of the time to finish out the odd details and get ready for the new rush of business we expect after the blockade is a thing of the past and the very heart of the New Civic Center Eilers Music House, 1448 San Pablo Ave., opposite New City Hall.

## PACIFIC SERVICE CLUBMEN MEET

Gas Company Employees Hold  
First "Get Together" Meeting  
Last Night.

The first "Get Together" meeting of the Oakland "Pacific Service" Club, was held at the company's headquarters, Engineer's office, Thirteenth and Clay streets, last evening.

The object for which the club is formed is to foster and promote the common interest of the employees of the Pacific Gas and Electric Co. through association, and to advance, by lectures, readings and discussions, knowledge in matters pertaining to the generation, distribution and sale of gas and electricity.

G. B. Fumelle, assistant manager of the Oakland district, gave a short talk on the purpose of these meetings and the relations of the various employees to one another in their efforts to give the best service at all times.

Sherwood Grover, assistant gas engineer, gave an illustrated talk on "The History of Gas and Gas Manufacture." He showed that, although gas is not a necessary commodity, yet vast sums of money were lost in promoting its introduction. It was also shown that two of the greatest achievements in the gas industry of today are the Weisbach mantle which was invented by Dr. Carl Aug. von Weisbach in 1836 and the second, transmission of gas under high pressure which

was first accomplished in 1884 by the Oakland Gas, Light and Heat Company.

There was an illustrated lecture on "The Company's Hydro-Electric Plants and Electric Distribution," by F. R. George, chief load dispatcher of the Pacific Gas and Electric Co. George's talk was very interesting, inasmuch as it brought out the work and hardships that have to be encountered by the men working in the mountains of the state when the snowfall is so heavy. It becomes their duty to keep the flames in operation so that the power lines are kept up and thereby maintain continuous and courteous service.

There were about 300 employees of the various departments present at this meeting. After the lecture there were a musical feature consisting of a Victrola concert and Scotch songs by F. Graham.

## Norwegian Cabinet, Defeated, Resigns

CHRISTIANIA, Norway, Jan. 24.—The Norwegian cabinet, under the premiership of General J. K. M. Brattlie, resigned today owing to its defeat at the general election last October.

## DEMOCRAT ELECTED TENNESSEE SENATOR

NASHVILLE, Jan. 24.—Prof. W. R. Webb of Beltsville, Tenn., independent Democrat, was elected U. S. Senator for the term ending March 4 next. He defeated M. T. Bryan of Nashville, Democrat, 73 to 53.

BRADY CHOSEN.

BOISE, Idaho, Jan. 24.—Former Governor Jas. H. Brady was elected U. S. Senator for the short term on the joint ballot today. He received 44 votes.

## RAILROADS CAN NOT STOP PASSES

Rock Island Official So Testifies  
Before Commissioner.

DENVER, Jan. 24.—Railroads are powerless to prevent the use of interstate passes for interstate travel, according to the testimony of G. W. Martin, general agent of the Chicago, Rock Island and Pacific, before Interstate Commerce Commissioner Harlan today. Martin admitted that his company had issued many passes to Burlington, Colorado, near the state line.

F. A. Wadleigh, general passenger agent of the Denver and Rio Grande, said his department issued no free transportation for the purpose of influencing interstate freight shipments. He told of having issued passes to army officers at Fort Logan, to army and navy recruiting officers and to the agents of colonization companies.

## BLACKBURN FUNERAL TO BE HELD TOMORROW

The funeral of Leslie F. Blackburn, a pioneer politician of this city and former United States Marshal, will be held tomorrow morning from the James Taylor Undertaking parlors, Fifteenth and Jefferson streets.

The deceased died last Wednesday in Providence hospital after a brief illness. His death was caused by a complication

## INVENTS MOTION PICTURE SCREEN

The New Device Is Restful to  
the Eye and Is Called the  
Photo Curtain.

Mr. H. Bunkers, manager of the Globe Photoplay Theater on Twenty-third street, near East Fourteenth street, has just finished experimenting with a motion-picture screen for which he claims that the perspective is very near the same as when the actual picture was taken. Also there is no back reflection. A person can sit within ten feet of the curtain and the effect is the same as if you were a hundred feet away. Mr. Bunkers projects a picture at a distance of 112 feet. The Globe is a new theater recently opened at a cost of very nearly \$200,000 and is a modern fire-proof theater in every respect. Also it is the only photo-theater in Oakland having its own steam heat or plant, and seats very nearly 400 persons. Only the best pictures are projected and have to pass the "National Board of Fire Underwriters" are shown to the public. Mr. Bunkers invites the motion-picture lovers of Oakland to inspect his new place, also all the pictures are musically interpreted, making them very realistic.

## SAYS GOOD WORD FOR THE SALOON

Rev. A. W. Palmer Gives Startling Views at Corona Club.

SAN FRANCISCO, Jan. 24.—(The Social Center.) "The Travelers' Aid Work" and "The White Slave Traffic" made up the program offered the members of Corona club at their regular meeting yesterday afternoon. Mrs. James W. Treadwell presiding.

Rev. Albert W. Palmer of the Plymouth Congregational church of Oakland was the first speaker. He said that the needs of boys and girls from 13 to 20 were probably the most neglected and the amusements offered were primarily the theaters, which might be what Jane Adams termed "the house of dreams," the moving picture shows, which he commended highly and which maintained, he said, a general level which on the whole was higher than the theaters; dancing, which was good as improving manners and social bearing, the saloons which had their good points, he said, although to hear a minister say so might be surprising.

Mr. Palmer then told of the Chicago system of recreation squares, the Rochester system of public school centers and his own Plymouth Center in Oakland, where he had a building for Sunday school and a clubhouse for the general public from 3 to 10 p. m. each day.

Miss Evelyn Brown Koch told of the work of the Travelers' Aid of the Y. W. C. A., showing that their work is largely protective rather than remedial.

Dr. Margaret Farnham spoke of "The White Slave Traffic," giving a history of the discovery and campaign against this evil.

## LABOR ADOPTS FIVE HOLIDAYS

Plan Intended to Prevent Handicapping of Contractors.

LOS ANGELES, Jan. 24.—Five holidays to be observed uniformly by affiliated labor organizations were officially selected today by delegates to the convention of the State Building Trades Council of California. They were July 4, Labor Day, Admission Day, Thanksgiving and Christmas.

Officials said those five holidays would be observed strictly in order not to handicap contractors as might have been the case in the past when one union observed one holiday and another labor body another.

Another resolution providing for the presentation in the California legislature of a bill to afford better protection for painters was adopted. Its sponsors declared mortality among painters was greater than among firemen. San Jose will probably obtain the 1914 convention with practically no opposition.

It was predicted that E. H. McCarthy of San Francisco would be re-elected president by acclamation. Others whose re-election was said to be assured include J. B. Bowen, San Francisco, first vice-president; Thos. Graham, San Jose, second vice-president; J. A. Lloyd, Oakland, third vice-president; Al. T. Conner, Sacramento, fourth vice-president; James A. Gray, Los Angeles, fifth vice-president; F. H. Pratt, Oakland, sergeant-at-arms; and Cleveland L. Dam, San Francisco, attorney for the state body.

## SUFFRAGE NOW BEFORE BRITISH PARLIAMENT

Critical Stage of the Struggle for Ballot Is Reached; Lyttelton Makes Motion

LONDON, Jan. 24.—The critical stage was reached this afternoon in the 45 years' struggle to obtain votes for women, a struggle which was started in the House of Commons by John Stuart Mill in 1867.

Alfred Lyttelton immediately after "question time" moved the amendment to eliminate the word "male" from the franchise reform bill. His arguments were along familiar lines. He urged the trend of recent legislation was to call women in to the councils of the nation already, he said, women had been called to assist in numerous departments.

Lewis Harcourt, secretary of state for the colonies, who has not forgotten the attempt made some months ago by the suffragettes to burn down his ancestral home at Nuneham Park, made a bitter assault on woman's suffrage, and on his colleagues in the cabinet, Sir Edward Grey and David Lloyd George.

"The adoption of methods of violence," he urged, "is an indication of the type of mental balance we may expect from women if they get the vote."

## GIRL HOPES TO GET ON FORCE

Eligibility for Police Job Based on Capture of Thief.

"I hope some day to be a member of the police force," said Miss Edith Williams when on the witness stand this morning. "I think the city needs police women."

Miss Williams is the athletic young woman who captured Wyatt P. Rose, a burglar, after a strenuous race through the streets of Oakland last week and a struggle in which she wrestled the thief and threw him to the sidewalk. She appeared as a witness against Rose in the preliminary hearing on the charge of burglary this morning before Judge George Samuels and proved to be as good a witness as she was a runner.

Rose had been discovered as he was leaving the store conducted by Mrs. Ida Zeltzer, East Fourteenth street and Forty-seventh avenue, after looting the till of the store. He was pursued by Mrs. Zeltzer and her daughter, Ruth, but succeeded in outdistancing them. Miss Williams, who lives at 1335 Forty-seventh avenue, took up the chase, captured Williams and threw him to the ground and held him until the police arrived.

Rose was held to answer before Judge Samuels this morning on the burglary charge. Bonds were fixed in the sum of \$3000.

## SCHOOL NEEDS NEW EQUIPMENT

O'Donnelli Says Education of Deaf and Blind Children Vastly Important.

EDITOR TRIBUNE.—The education of the deaf and the blind is as important to the commonwealth as to the afflicted individual. The adult deaf and the blind discharge all the rights of citizenship equally with every other voter.

The constitutional right of the deaf and blind child to the same school prerogatives as the more fortunate normal child is conceded without question in California.

The centralization of the deaf and blind children in a State institution is a combined necessity of political economy and the special methods requisite to their proper education.

The Panama-Pacific Exposition in 1915 will attract to it the educational conventions of the civilized world. Plans are already formulated for international conventions of instructors of the deaf and the blind. The proximity of the California State school at Berkeley to San Francisco will make it the cynosure for the eyes of these specialist educators from all countries.

National pride and the reputation of California as the State in the vanguard of the progressive civilization of America, demands the best service for this institution. The duty to provide the means to that end devolves upon the State Legislature of 1913.

The recently appointed principal, Laurence B. Miller, has a zeal and ability that bids fair to place the school in the foremost rank. He is ably supported by the board of directors.

The proper fulfillment of the great responsibility which falls upon the principal requires the installation of modern equipment in every department of the school.

The State Board of Control passes upon the estimates of the regular and special appropriations for State institutions prior to their presentation in the form of bills to the Legislature. Reduction, and in some cases complete elimination, of the amount requisite for this institution, is the result of this strict financial supervision.

The estimate for support and improvements at the California school for the deaf and the blind has received in every particular the full endorsement of the Board of Control.

The regular appropriation for maintenance, salaries and wages asked for the next two years is \$190,000, and the special appropriation wanted for new buildings, equipment and repairs is \$175,000.

Since June 30, 1912, sixty-two applicants for admission have had to be refused for lack of room. There are probably two hundred deaf and blind children in the State who are entitled to admission to the State institution, but for whom there is no accommodation. The State law exacts compulsory school attendance for every child. The responsibility to provide school accommodation rests upon the citizens.

The State legislators now convening in Sacramento will surely see to it that the California State School for the Deaf and the Blind be placed in position to open its gates with worthy pride in 1915 to the visitors flocking to the Panama-Pacific Exposition from all parts of the world. FRANCIS H. E. O'DONNELL.

## NEW ENGLANDERS PLAN RECEPTION

Massachusetts Commissioners Selecting Fair Site to Be Entertained.

SAN FRANCISCO, Jan. 24.—A meeting of the New England Association of California was held in the Palace Hotel last evening. President Scott Smith presiding.

Arrangements were perfected for a reception and entertainment of the Massachusetts commissioners now on their way to select the site of the Massachusetts building. It was planned to give a luncheon to 150 New Englanders and exposition officials. Following this every New Englander is expected to attend the site selecting ceremonies. There will be an informal reception at the Palace Hotel in the evening. A committee on publicity and final arrangements was appointed consisting of Judge W. H. H. Brown, chairman, Dr. W. D. Spaulding, H. H. Brown, Mrs. Helen A. Chase, J. C. McLaughlin, R. P. Stevens, J. H. Hughes and C. R. Tebbitts.

## OAKLAND MUSEUM SHOWS FLOWERS

Many Specimens to Be Seen in Exhibit This Month.

The Oakland public museum is holding a January wild flower show this week. They keep fresh wild flowers all the time, but as a proof of the bountifulness of Oakland's climate, planned this special exhibit.

Over forty species have been on display during the week and beginning Saturday fifty or more will be shown. The museum staff collects the specimens in the hills and canyons about Oakland, and these expeditions have yielded a surprising number of fresh blossoms, considering the unusual cold and frost of the last few weeks.

The willows, alder and hazel have put forth their catkins; the wild gooseberry, wild blackberry and wild strawberry are in blossom; the California poppy and lupine are particularly fresh and bright; the mustard family has yielded six species this season; the golden corn chrysanthemum, wild geranium and many less conspicuous blossoms are to be found.

## STRIKES AT CAT; SHOOT HIMSELF

Careless Handling of Shotgun Results in Death of Man.

ONTARIO, Cal. Jan. 24.—When he hit a trapped wildcat on the head with the butt of his shotgun today, Nathan Sparks, a hunter, received a charge of buckshot which dismembered him. His body was found lying beside that of the animal. It is supposed that Sparks in the excitement of finding a huge wildcat in his trap forgot that his gun was cocked when he used it as a club to kill the animal.

## American Aviator Is Killed in Spain

PORT OF SPAIN, Trinidad, Jan. 24.—Frank Boland, an American aviator, was killed last night while flying here. After accomplishing numerous successful flights in Venezuela he had arranged to give a long exhibition flight here tomorrow. The weather conditions being perfect last night, he decided to make a trial flight. He was returning to the landing place when his biplane suddenly dived and struck the ground with terrific force. Boland was found dead beneath it.

## BELLBOY ARRESTED ON BAD CHECK CHARGE

Fernandez Silva, a bellboy aged 17 years, was arrested today and brought into court on a charge of passing a bad check. It is alleged that Silva forged the name of L. B. Hamilton, but as Hamilton was not in court this morning the case was continued. The check was for \$300 on the Oakland Bank of Savings. Silva is also wanted by the San Francisco police.

## RENEW COMMISSION FOR THREE MONTHS

The city council gave final passage to the ordinance continuing the public welfare and censorship commission for another three months. Mayor Frank J. McEllitt will announce the personnel of the committee under the ordinance continuing it in existence in a few days. There has been some objection raised to continuing W. C. Barnard as head of the commission, as he is not a resident of Oakland.

## REBELS FIRE ON U. S. SOLDIERS

Raiding of Ranches Results in Fight With American Ranchmen.

EL PASO, Jan. 24.—Telephone reports state that Mexican rebels fired on United States troops of the Thirtieth Cavalry, patrolling the border near Fabens, Texas. Raiding of ranches by rebels in the same vicinity resulted in a fight with American ranchmen, who drove the raiders over the line, killing one of them.

It was said that the troops of the Thirtieth Cavalry were patrolling the border near Fabens, Texas. The firing occurred opposite Guadalupe, where 400 rebels were located. The American ranchmen were raided some miles to the west. Troop B of the Thirtieth Cavalry has been rushed to the scene.

It was said General Jose Blanco brings a peace offer to the federal government from the rebels, who threaten to take Juarez unless their demands are granted. The matter is rejected by the Mexican consul here as "impossible." General Blanco says he is under parole not to enter the field against the rebels.

The insurgents at Guadalupe are under command of Colonel Roque Gomez, and American ranchmen report them well armed and mounted. They will co-operate with another group organized at Palomas, opposite Columbus, N. M. Other groups are said to be operating immediately below Juarez, along the railroad lines.

At Juarez two cannon throwing shrapnel were placed on a hill commanding the town from the southwest. Two machine guns complete the artillery strength. Aside from 300 regular troops, 1500 rural and city police and customs guards are ready.

## ELECTRIC POLES MAY BE REMOVED

Commissioner Introduces Law to Cut Down Number in Streets.

Commissioner W. J. Baccus this morning introduced an ordinance to have the various corporations using poles in the streets of Oakland co-operate, and use one line of poles in each street not in the underground conduit district of the city.

The ordinance is presented as a solution of the difficulties of the residents of Thirteenth avenue, who have been petitioning for two years to have the small forest of unsightly poles removed from the street.

The ordinance was referred to City Attorney Ben F. Woolner and copies will be sent to the various public service corporations. A meeting will be held next week at which the terms of the new ordinance will be thrashed out and discussed before it is given its second reading and passed to print.

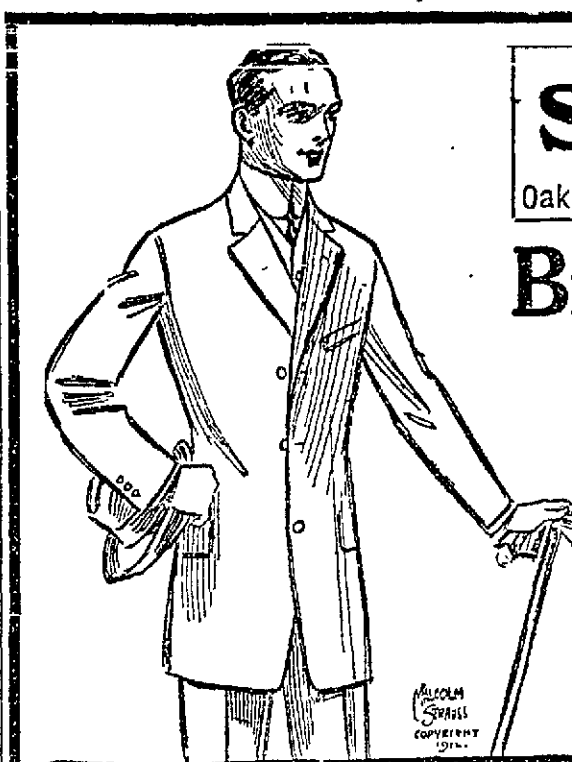

According to the terms of the proposed law all power, light, telephone, telegraph and other companies using electric wires must use a joint line of poles in each street. The poles must be not less than 100 feet apart except at crossings.

The companies are given two years in which to conform to the new regulation. The electric department of the city is given supervisor of the work of readjustment and will designate the streets to be made joint-pole streets first. Among these will be Thirteenth avenue and Elwood avenue, where conditions are at present especially bad.

It is made a misdemeanor by the new ordinance to fail to comply with its terms, fines and imprisonment being the penalties imposed.

## IRON WORKER SUICIDES BY GAS ASPHYXIATION

William Flynn committed suicide last night in his room in the Colonial house, Broadway and Second street. Flynn turned on the gas and then cut arteries of his wrists. The body was discovered this morning. Flynn was an iron worker, about 45 years of age, and had recently come from Stockton. Despondency over lack of employment is believed to have been the cause of suicide.

## WOULD STEAL TO FIT UP SON'S SMALL BOAT

SAN FRANCISCO, Jan. 24.—To fit out his son's diminutive sailing boat, George Siverton, a sailor who lives in the Potrero, broke through the window of a ship chandler's shop in Main street early this morning and would have hauled home anchors, compasses and tarpaulins heavy enough to sink the craft had he not fallen into the hands of the police. Siverton explained at the city prison that he had been out of work for a long time and wanted to make happy the little boy at home, whose boat remains uncompleted.

## SUFFRAGE BILL PASSES ASSEMBLY

Nevada Legislature Is Taking Steps to Put Matter Before Voters.

CARSON, Nev., Jan. 24.—Woman suffrage passed the assembly here today with but three dissenting votes. The measure will go to the senate Monday night, and should it pass, as is generally expected, will go before the people of Nevada at the next general election.

GRINNELL, Ia., Jan. 24.—To determine whether women in Grinnell really want the right to vote or whether it is only the desire of politicians and enthusiasts, a woman suffrage primary election will be held here January 27. Women only will be allowed to vote, and the primary will be held under the same regulations which would govern an ordinary election except that it will be under the auspices of the local commercial club. Judges will be selected by local suffragists, while a man will represent the commercial club. All women over 18 years old may vote.

## FLOODS IN EAST CAUSING ALARM

CAIRO, Ill., Jan. 24.—A gap 300 feet wide has opened at Big Lake on the Mississippi river, and is pouring over the Mississippi country through the Fish Lake basin.

A section of Southeast Missouri is being inundated rapidly. The residents are leading a precarious and hazardous existence behind thousands of burlap bags of corn and other grains will be ruined. The Ohio river last night reached a stage of 48.3 feet and is slowly rising.

## STRIKERS MEET; ORDER PICKETS

Waiters and Hotel Workers Plan Vigorous Fight in New York.

NEW YORK, Jan. 24.—Nearly a thousand waiters and other hotel workers who struck last night at the Hotel Rector and Cadillac and the Folies Berger restaurant held a mass meeting in New York today in an attempt to put actively on foot the general strike voted by the union. Pickets were distributed through the hotel district.

## Movie Show Spoiled for Two by Burglar Alarm

Message on Screen Calls Parents Home to Find Daughter Is Wounded by Burglar.

BOONTON, N. J., Jan. 24.—Mr. and Mrs. Norman Browers were spectators at a movie show here last night when one of the film cameras was suddenly interrupted with those scribbled words thrown on the screen:

"Norman Browers wanted at home at once."

The message was a burglar alarm. A 16-year-old daughter had been attacked by a burglar at the Browers home, a mile distant, and her grandparents, who had found her unconscious and bleeding from a wound in the head had telephoned to the theater, where the unusual burglar alarm startled the parents.

## U'REN WILL SUE; ALLEGES LIBEL

SACRAMENTO, Jan. 24.—Milton T. U'ren of San Francisco announced here today that he had prepared complaints for suits in which he will file probably tomorrow against Surveyor-General U. S. Kingsbury, the Sacramento Union and the Eureka Herald. They are based on statements made and published by the defendants reflecting upon his integrity in connection with the recent investigation of charges filed by Kingsbury with the State Conservation Commission against Louis R. Glavis, at that time the commission's secretary.

U'ren will ask for damages in the sum of \$50,000 against Kingsbury, \$50,000 against the Sacramento Union and \$25,000 against the Eureka Herald.

## In Apollo Player Pianos The Keys Are Used As in Hand Playing

*This Is the Only Correct Method*

¶ The "down touch on the keys" method used exclusively (and patented) by Apollo Player-Pianos produces the exact piano touch. The "down touch on the keys" is the way all pianos are played manually. In all other Players, the player action strikes the strings by mechanical means. In the Apollo, the player action strikes the piano keys. In other words, in Apollo Player-Pianos the entire "piano action" is used, and not just a part of it as in other Players. This is the reason other Player-Pianos sound "choppy," while Apollo music can not be distinguished from actual hand playing.

¶ Also—The Apollo uses the METRONOME MOTOR and the only correct SOLO device, and several other important and exclusive features.

¶ Do not these facts make the Apollo worth investigating?

## NATIVE SONS' BAND TO PLAY AT CONCERT IN FRUITVALE

PROFESSOR H. W. HULEN AND MISS MABEL RAPHAEL, SOLOISTS, WHO WILL TAKE PART IN A CONCERT.

With an overture from "Tannhauser," played by the Piedmont Parlor band, N. S. G. W., the first annual concert to be given by the Hope Society will open Sunday evening in Masonic Temple, East Fourteenth street and Thirty-fourth avenue. An elaborate program has been arranged for the inaugural musical event, which will probably be followed by a series of public functions. The soloists will be Miss Mabel Raphael of Berkeley, a contralto, who has often been heard on the east side of the bay, Professor Peter J. Okson, Andrew Nielsen and Julian M. Johnson. Professor H. W. Hulen will direct the band.

The numbers will be as follows:  
Overture, "Tannhauser" E. Wagner  
Piedmont Parlor Band, N. S. G. W., No. 120.

"See, What Love" John West  
Prof. and Mrs. Peter J. Okson.

"Lead Me, O Lord" Mollie  
Prof. and Mrs. Peter J. Okson.  
"The Vast Unnumbered Throes" Grieg  
Solo by Mr. Andrew Nielsen.  
"American Song" F. W. Meacham  
Piedmont Parlor Band.  
"Thinking" White  
"Misereere" from "Il Trovatore" Verdi  
John L. Louks (soprano) and Julian M. Johnson (bass).  
Ralph S. Atkins, accompanist.  
Viola "The Village Blacksmith" Selected  
George Knell  
"By the Swanee River" W. H. Mydleton  
(Op. 21).  
"A Cuckoo's Dream of the Past" (a) Marching  
to the camp meeting; (b) come heard in the distance; (c) dance of de old folk; (d) cuckoo dance; (e) vision "Will be Old Folks at Home" Piedmont Parlor Band.

## TRIBUNE ANNUAL IS PRAISED BY ADVERTISING ASSOCIATION

Tribune Publishing Company, Oakland, Calif.

Gentlemen—On behalf of the Oakland Advertising Association, I take pleasure in commending THE TRIBUNE'S ANNUAL EDITION FOR 1913. Unless familiar with the publishing business no one can by any means realize the vast amount of expense and energy which the issuance of a number like THE TRIBUNE'S ANNUAL represents.

The value to Alameda county of this publication is inestimable. It is an authoritative boost. Wishing you every success, I remain

Respectfully,  
W. W. CRIBBINS,  
President of the Oakland Advertising Association.

## WORKS HASN'T YET BEEN 'BIG STICKED'

This Is One Reason Why Legislature Is Asked to Commend Him.

SACRAMENTO, Jan. 24.—In the California State Senate, made up of thirty Republicans and ten Democrats, Senator J. B. Sanford, Democratic national committeeman of California, introduced a resolution today commending United States Senator John D. Works, Republican-Progressive, of Los Angeles, in the United States Senate.

The resolution recites that Senator Works is a "big, brainy man," has refused to be "big-sticked" and commends his favorable position on the question of limiting the presidential term to six years.

It further urges the passage by Congress of an act to that effect. Two years ago Senator Sanford introduced a resolution for the recall of Senator Works. Since then, Works has made a speech declaring against the conduct of the Progressive party in California and has been called upon by various Progressive leaders to resign. What action the Senate, which has a strong Progressive majority, on the resolution commending the man the Progressive-Republicans elected to the Senate, is not yet determined.

## WATCH NUMBERS IDENTIFY MAN

"Widow" Jailed and Real Wife of Suicide Discovered by Timepiece.

LOS ANGELES, Jan. 24.—By the numbers on a watch, Detective Samuel L. Browne of the district attorney's office said today he established the identity of a man whose suicide at Venice last summer yielded Mrs. Minnie Jordan \$500 in insurance, which was paid on the belief that the dead man was Mrs. Jordan's husband. Jordan afterward appeared. Mrs. Jordan was arrested, and according to Browne, the dead man was Elmer Forwood of New Orleans. Browne received a communication from Mrs. Ella M. Forwood of New Orleans stating that the watch of her husband, Elmer R. Forwood, who had been missing from his home for several years, bore numbers corresponding to those on the timepiece carried by the Venice man. Personal descriptions also tally, according to Browne.

## CHARGES AGAINST KELLY EXPLAINED

San Jose Pastor Has Confidence of Deacons, Is Declared.

SAN JOSE, Jan. 24.—At a meeting last night of the board of deacons of the First Baptist Church, a statement was prepared and given out, in which the board expressed every confidence in the integrity of Rev. Claude Kelly, D. D., pastor of the church, and stated that this investigation is going on at the request of Dr. Kelly. The statement says:

"As certain criticisms and complaints have been brought against Dr. Claude Kelly, pastor of the First Baptist church, the board of deacons of this church, thirteen in number, at the request of Dr. Kelly, are now making a thorough investigation. While the board has entire confidence in the integrity and innocence of their pastor, it is due the church and their friends that this investigation be made and a full report submitted at as early a date as possible."

Dr. Kelly is charged in anonymous letters from itsburg with not paying debts and otherwise overlooking obligations incurred during his late pastorate there. Friendship for Louis O'Neal, a local political leader, is also being urged against him. He has been active in recent raids and crusades against illicit liquor sellers and houses of bad repute.

**DAMAGES PAINTINGS.**  
LONDON, Jan. 24.—A man attacked the pictures in the National Gallery yesterday with a two-foot rule. He smashed the glass and damaged the canvases of four paintings, two of them by Constable, before he was seized by a policeman. The man gave no motive for his act, nor did he claim to be a supporter of the suffragettes. It is said that the pictures can be repaired.

## ATLANTIC STEAMSHIP CONCERNS PLAN WAR

VIENNA, Jan. 24.—Reports current in Austrian shipping circles indicate that the German Atlantic steamship pool is preparing to wage a fierce rate war against the new Trieste-Montreal service about

to be inaugurated by the Canadian-Pacific Company. There is little prospect, steamship men say, that the shipping conference to be held in Berlin next week will result in any agreement. Emigrants probably will be the chief beneficiaries of the rate war, as the steamer rates are likely to be reduced to \$10 before the conflict ends.

## IMPROVERS GAIN TERRACED LAWNS

Grand Avenue Organization Makes Suggestions to School Board.

Urging that the lawn in front of the new Perry street school be terraced, that a view of the building, which is to be erected on a hillside, may be obtained from the street, three representatives of the Grand Avenue Improvement club appeared at the meeting of the Board of Education last night. As a result of their intercession, a vote was taken placing the board on record that this plan is to be adopted.

Rebecca D. Jones acted as spokesman of the party, which consisted of Jones and W. L. Johnson. The present plan, I understand, declared Jones, is to erect a huge embankment, or cut, where the street comes through the hill. This we object to, on the ground that the new building will be visible from the street. Terraces would give as much playground space, and, properly treated, would be artistic. His views were seconded by Directors John Forrest, M. R. Browner and Miss Annie Florence Brown. Some time ago, according to Forrest, the matter was referred, and at that time the terrace plan was favored. The vote was taken to place the matter on the minutes, out of courtesy to the club delegates.

**AWARD CONTRACT.**  
The contract for the erection of the new thirteenth avenue school was awarded to the lowest bidder at last Monday's meeting, the firm of McFarlane & Peterson, who offered to perform the work for \$61,225.

A financial report as to the erection of school

buildings under the bond issue was made, showing that a surplus of \$10,827 remains for other work. The surplus, from the total appropriation of \$743,392, including payments made on all schools with the exception of the high schools. In the high schools there is a surplus which will probably be applied to the work on the Manual Training and Commercial high schools, where there is now a deficit.

The request of the students of the Washington school to present a picture to the board was refused. "This has been done in the past as a hardship," declared Superintendent J. W. McElmood. "The children are expected to 'chip in.' Often they go home and tell their parents they are compelled to. Sometimes the parents cannot afford the expense." Club was granted permission to use the school for a harvest on February 22. A request from the Twenty-third Avenue branch of the Socialist party for use of the Garfield school was laid over pending the formation of rules to cover renting of buildings. Miss Isabella Stewart was appointed to fill the vacancy in the department made by the leave of absence granted Miss Jessie Smith.

**DEBATE OVER SWINGS.**  
A debate took place over the swings in school playgrounds, now locked up as dangerous. Some time ago a child was killed by running into one of these pieces of apparatus, and at that time their use was discontinued. Superintendent McElmood declared that, if fenced in, they would be safe. "The children cannot be kept out," declared Director Forrest. "Fence or no fence." "You put the fences up, and if we cannot keep the children out while the swings are going there will be a few new articles," retorted McElmood. Iron fences will be tried. Estimates will be secured from graminian apparatus for the Oakland high school. Several bills were ordered paid, and miscellaneous requisitions passed.

**HELD TO ANSWER.**  
SAN FRANCISCO, Jan. 24.—Jacob Taber, alias Fox, was held to answer to the Superior Court by Police Judge Sullivan today on two charges of burglary. He is the fire-escape robber who raided the fashionable apartment of Attorney Randolph P. Whiting at the Bella Vista.

## 'SOCIAL CREED' IS DISCUSSED HERE

Many Questions Are Answered Religious Workers by Dr. Ward.

Dr. Harry F. Ward of Chicago, general secretary of the Methodist Federation for social service, held a conference with Rev. Dr. George W. White, pastor of the First Methodist-Episcopal church of this city, and a number of Sabbath school workers this morning in Maple hall, Fourteenth and Webster streets. Religious workers who are taking an active interest in the social movements in the church attended the conference, which was conducted by Dr. Ward this afternoon in Maple hall. "Social Creed" will be Dr. Ward's subject this evening. "The church as the servant of the community" was his theme this afternoon. It was followed by a round-table discussion, when questions were answered by Dr. Ward. The speaker was introduced by L. White, who was president of the University of Los Angeles while Dr. Ward was a student of that institution. The latter afterward went to the Northwestern University of Chicago, and from thence took special courses in Europe and other parts of the United States. He was appointed as the head of the newly formed social service department at the recent general conference in Minneapolis.
